BERMUDIAN BD. ACCEPTS OFFER OF BOND FIRM

The Bermudian Springs School Authority Wednesday night accepted a negotiated bid from Butcher and Sherrard, Philadelphia, to furnish \$1,560,000 for the construction of a new high school and remodeling and enlargement of the East Berlin school at a 5.071 interest rate.

Under the agreement bonds covering a 40-year period will be sold through Butcher and Sherrard, but the agreement provides that, if the regular annual payments of about \$107,000 are made, the bonds will be paid off within 30 years.

The \$1,560,000 bond issue represents a decrease by \$32,000 of the \$1,612,000 it was estimated would be needed when bids were received last week for construction. However the school authorities were certain that funds on hand plus expected economies in movable equipment will reduce the amount they need borrow by the \$32,000.

State Officials Pleased
While the exact amount has not yet been determined, it is anticipated the district comprising the Bermudian Springs school system will have to provide approximately \$107,000 a year to pay the bonds off in 30 years.

Assistant County Superintendent of Schools M. Francis Coulson said state Department of Public Instruction officials are well pleased with the cost figures for the Bermudian Springs jointure construction. Cost will be slightly more than \$1,700 per pupil, he said, while state officials said the cost on an average across the state has been near \$2,000 per pupil.

Carlisle Firm Gets Job
At Wednesday's meeting the authority and school board voted to reject all bids for kitchen equipment and as a result changed the low bidder for construction of the new high school. When bids were opened last week the low bid for general construction of the high school was \$1,560,000.

SIGNS SALARY BILL INCREASE FOR OFFICIALS

Some county officials to be elected in this county in November will get higher salaries than the men filling the same offices under provisions of a new county salary bill signed into law Wednesday by Governor Lawrence at Harrisburg.

The pay for county commissioners will jump from \$2,200 to \$3,400 and salaries of district attorneys will be increased up to \$1,200 depending upon the population of the individual county.

Pay for jury commissioners will jump from \$7.50 to \$12.50 and auditors will be paid \$12.50 per day.

Seven Children Are Killed When Train Rams Into Bus
MOUNTAIN LAKE PARK, MD. (AP)—A St. Louis-to-Baltimore passenger train rammed into a school bus in mountainous western Maryland today, killing seven of the 25 children and seriously injuring 15 others.

The Baltimore and Ohio's east-bound Diplomat rammed the bus at 8:30 a.m. (EDT) at a grade crossing marked by a flashing light and bell. The signals were operating at the time, the railroad said.

Stalled On Tracks
The bus apparently had stalled as it crossed the tracks. Several reports said the bus driver, LeRoy Campbell, had the door open and was trying to get the children off the bus. Campbell, 50, had a safe driving record of more than 20 years with the county school system.

Campbell and all the injured were rushed to an Oakland, Md., hospital, about four miles away, by every available ambulance, station wagon and car which could be summoned quickly.

FIREMEN MAY PURCHASE NEW AMBULANCE

The Gettysburg Fire Department may purchase a new ambulance.

At its meeting Wednesday evening at the former CCC camp on W. Confederate Ave. the firemen unanimously agreed that the oldest ambulance should be replaced and voted to purchase a 1959 Cadillac Superior ambulance that will cost \$10,100. It is described as "having all the facilities members of the ambulance corps had requested."

The vote came after Glenn Weishaar, chairman of a committee appointed by President Raymond Menges, reported he and his committee inspected a number of new ambulances and discussed with mechanics the cost of repairing the 11-year-old vehicle.

Rarely Used
Weishaar said the present ambulance is used "only in extreme emergency because we can no longer rely on it, and our recommendation is that we buy a new one rather than repair the old one. If we buy a new one we should have trouble-free operation for 10 years or more."

Chairman Joseph Sanders reported plans for the annual public turkey party to be held November 20. William DeHaas reported "progress" on plans to form a junior fire department.

Glenn Raffensperger was appointed chairman of a committee to inspect the equipment of the fire police and report at the October meeting.

Announcement was made of the meeting of the Adams County Firemen's Association to be held October 5 at Cashtown.

Chief Staub announced that Gettysburg will enter a fire truck in the Emmitsburg firemen's parade this evening and said the vehicle will leave the engine house at 6 o'clock. It was announced that President Menges will serve as a judge at tonight's parade.

MOB OF 300 ATTACK 2 COPS NABbing BOYS

NEW YORK (AP)—A crowd of 300 attacked two policemen with soda bottles, stones and sticks Wednesday night when they arrested two teen-age gang members of a West Side street.

The arrested youths, Reuben Aguirre, 16, and Tomas Martinez, 18, were members of the Buccaneers gang. Other members of that gang were involved in the slaying of two 16-year-old boys in a Hell's Kitchen playground Aug. 30.

Patrolman Frank Pillar said he found about 20 boys gathered on a sidewalk and ordered them to disperse.

"I ain't moving for you," Aguirre was quoted as saying. "This is a free country."

"You're under arrest," the patrolman said.

Shouting Crowd Gathers

"I ain't going with you," retorted Aguirre, who is president of the Buccaneers.

Pillar said the boy lunged for his nightstick and a shouting crowd gathered. Pillar held tight to Aguirre as Patrolman Richard Ware ran up. Ware waded into the crowd, while Pillar commanded a passing car to take Aguirre to a police station.

Then, Ware withstood the barrage of hurled objects until seven radio cars arrived with reinforcements. It took nearly an hour to clear away the crowd.

Martinez, who was arrested for throwing a bottle, was charged with felonious assault. Aguirre was charged with resisting arrest and disorderly conduct.

The police crackdown on young criminals, begun last Friday, has resulted in the arrest of more than 425 youths under 21.

SP APPROVES SCHEDULES AT FALL MEETING

Approval was given football, basketball, baseball and track schedules at the fall meeting of the South Penn Conference Wednesday evening at the Peace Light Inn. The schedule had previously been drawn up at a meeting of faculty managers and athletic directors.

Biglerville and Cedar Cliff, who become conference members with the start of the basketball season, as well as all present members of the conference, were represented. President Ray Gray, Hanover, presided with 74 representatives in attendance.

No action was taken on the possibility of eliminating the conference track meet in favor of dual meets between the schools in determining a conference champion. Several schools object to dual meets because of the amount of travel involved and others oppose the plan because of the loss of too many school hours.

Bitter Exchange Of Notes Between India And Reds In China Over Border Crisis

By WATSON S. SIMS

NEW DELHI, India (AP)—A bitter exchange of notes between India and Red China was laid before Parliament here today and Prime Minister Nehru said Premier Chou En-lai's latest letter adds to the gravity of the border crisis.

"Step by step their policy has become more rigid," Nehru said. Each nation accused the other of aggression and each demanded that the other withdraw its forces from frontier areas whose ownership is in dispute. India offered one concession — to make the Longju area a temporary no man's land pending negotiation.

Both Claim Longju
But both sides renewed their claims to Longju, the isolated post which Red Chinese troops seized nearly two weeks ago in a gunfight with Indian frontier guards. The Chinese warned India against trying to retake it.

The seriousness of the situation is highlighted by Chou's letter, made public in Peiping Wednesday. Nehru told the upper house of Parliament. With bristling finality, Chou rejected Indian protests against what Nehru called aggression in the Longju area.

"A new aspect of the exchange, however, was the Indian offer to make Longju a temporary no man's land while the ownership of the area is discussed. Previous Indian statements have indicated the Chinese would be pushed out of the place unless they withdrew voluntarily.

Charge Aggression
The note was handed to the Communist Chinese ambassador here Wednesday, the same day that Red Chinese Premier En-lai was making public in Peiping a letter accusing the Indians of aggression and demanding that they withdraw.

In the batch of papers opened in Parliament in advance of a debate on the border dispute, were four other notes from Peiping. One a week ago claimed Longju was on the Tibetan side of the border and charged that India committed "deliberate aggression" by maintaining troops here.

The note further charged that Indian troops "brazenly" occupied Chinese territory at several other points along the Tibetan border since June 28, thereby creating an "extremely dangerous" situation.

Charge India
Another note charged Indian aircraft with six violations of the Communist Chinese borders since July.

In his letter Chou charged that Indians, not the Chinese, actually were the "trespassers" in border incidents, and were "shielding" (Tibetan) rebel bandits" along the frontier. Many Tibetan refugees from Communist rule have fled to India.

Embarrasses Nehru
The exiled Dalai Lama of Tibet, a refugee in India, added to Nehru's embarrassment by spurning his advice and appealing directly to the United Nations for "immediate intervention" in his Himalayan country seized by the Chinese Communists nine years ago.

Nehru, in granting refuge to the Buddhist god-king during an uprising against the Communists last spring, advised him that going to the U. N. would not help the Tibetan people. He also made plain that he expected the Dalai

Today's Talk

LOVE AND FRIENDSHIP

One of the finest writers in essay form was Alexander Smith, the English essayist and poet. He once made the statement that the only immortality he wished for himself was "to be occasionally quoted," and so I quote him.

Said Alexander Smith: "Love and friendship are the discoveries of ourselves in others, and our delight in the recognition, and in men, as in books, we only know that, the parallel of which we have in ourselves."

I have many times stated that we are mostly "other" made. We influence others and then they "turn the tables" on us and intermix our ideas, reflections, and life philosophy. People who scatter themselves keep borrowing from the ages, to our own good and that of our friends and loved ones.

Through love and friendship we formulate a relationship that keeps enriching our entire lives. What is there that can be made to substitute for love, and what would any of us do without friends? We need them and they need us. Only through friendliness can there ever be permanent peace in this troubled world.

Henry Drummond once wrote a book that long ago became famous. It declared love to be the greatest thing in the world, as it undoubtedly is. Its influence gathers hope and assurance with each passing year.

Tomorrow Mr. Adams will talk on the subject: "Great Little Things"

4 County Schoolboy Grid Teams Open Friday Night; Westminster Plays Here

Scholastic football returns to the sports scene Friday evening at 8 o'clock with four Adams County schools among those who will pry off the lid to the 1959 campaign.

Only Gettysburg, who meets Westminster here, will be in action on home grounds as the other schools will play on foreign gridirons. Large crowds are anticipated at all games.

Delone Catholic tangles with Hanover on the Night-hawks' field. Biglerville clashes with Cedar Cliff at Camp Hill and Littlestown invades Shippensburg to meet the Greyhounds. Bermudian Springs waits until next Saturday for its opener.

Westminster At Gettysburg

Here at Gettysburg new coach Don Young and his Warriors will attempt to do something that no other Warrior team has been able to do in five years—beat Westminster. The Warriors have dropped five in a row to the Blue and White and a win for the local would be a tremendous shot in the arm. Each team has now won five games in the series.

Eight of nine lettermen on the Gettysburg squad will start against Westminster, according to Coach Young. Mike Small, veteran end and a letter winner, has been sidelined indefinitely due to a mild concussion sustained last week and he will be sorely missed. Four additional candidates this week have raised the varsity squad to 33 boys.

Veterans who will start Friday include: Ends, Bill Shoemaker, reconverted from a back; tackles, Dick Scott and Bob Groscholtz; guard, Jim Sneed; center, Eddie Simpson; quarterback, Hardy Nichols; halfback, Jason Gulden, and fullback, Bob Furney.

Don Waddell, a junior, will replace Small at end. Don Cold-smith, a senior, will team with Sneed at guard while Bob Dean, a junior, will pair up with Gulden at halfback.

Certain to see duty as relief men are: End, Jim McClellan; tackle, Ed Baker; guards, Bill Kint and John Holoka; center, Tony Clabaugh; quarterback, Gene Miller; halfbacks, Ron Mickey and Dick Utz, and fullback, Eddie Gaster.

Visitors Big

Westminster's senior-dominated squad will have a big weight advantage, according to the probable starting lineup announced by Coach Herb Ruby.

Nine starters are seniors and two are juniors, all of whom have previously earned letters.

The lineup: Ends, Cliff Dull, 6-2, 190, and Sterling Haines, 6-2, 175; tackles, James Kidd, 6-1, 185, and John Ibe, 6-2, 215; guards, Ron Sprinkle, 6-0, 163, and Vern Dutterer, 5-10, 190; center, James Holm, 5-11, 190; quarterback, Gene Hill, 6-0, 180; halfbacks, Captain Mike Smelser, 5-8, 155, and Jim Shaeffer, 5-9, 163, and fullback, Frank Lee, 5-11, 185. Wex and Dutterer are the juniors.

A big crowd is expected for Friday's fracas with several hundred fans, including the school band, coming here from Westminster.

Canners At Cedar Cliff

A pair of teams who will perform in the South Penn Conference beginning next year will meet Friday night when Biglerville tangles with Cedar Cliff on the latter's field in Camp Hill.

Cedar Cliff is a new jointure which combined the former high schools at New Cumberland and West Shore and now boasts an enrollment of 1,100.

Paul Paxton, coach of the Cliff-men, has declared all starting berths are wide open and a definite starting lineup to face the Cannons will not be chosen before tonight.

He pointed out his most promising candidates are: Ends, Rich McCurdy, Brian Small, Jeff Ware and Mike Bohl; tackles, Jeff Craig, Paul Marshall, Roger Flurie, Russ Hoover and Barry Lechtyler; guards, Jim Quigley, Ted Cassell, Barry Lovell, Gary Smith and Danny Nye; centers, Ted Opperman and Dave Maeyer; quarterbacks, Steve Farrow and Mark Smith; Ron DeLuca, Al Magagnelli, Johnny Drees, Ken O'Neal, Chuck Thomas and Earl Zeigler, halfbacks, and Steven Kuhn and Bill Lengeman, fullbacks.

Inexperienced Ends

Jack Emanuel, Biglerville mentor, is worried about the weakness of his reserves. He has 14 lettermen but behind that group are inexperienced lads.

The lack of experience will be particularly noted at ends. Both regulars of a year ago, Bob Nye and Dick Roth, have graduated. He plans to start Jack Frantz and Larry Eckenrode at those posts. At tackles there will be Gary Breighner and Wayne Schwartz or Perry Mickey. Manning the guards will be Fred Hartzel, Barry Birgensmith or Dennis Little with Ken Fetters at center. All have earned letters. The backfield is entirely veteran with Vance Johnson at quarterback, Kermit Jacoby, Howard Vines, halfbacks, and Harold Slusser, fullback. Ronnie Wagner is also a letterman back who is destined for plenty of action.

Lincoln Drivers Seek Key Victory

Lincoln Speedway's fearsome five—the Class A leadfoots who have dominated feature competition this season—take on the field Saturday night with a position in the Langhorne 100-mile sportsman championship race riding on the outcome.

The winner of this week's 25-lap test for the Class A jalopies at the Pigeon Hills oval will be guaranteed a starting berth in the annual Langhorne classic in mid-October, it was announced today by Hilly Rife, promoter.

The quintet of drivers who have made the checkered flag their private property in '59 campaigning includes point leader Roger Sowers (83) and Robby Abel (1-080), each a three-time winner; Bobby Hersh (39) and Joe Davis (999), twice feature victors, and Bud Folkenroth (50), the Fourth of July winner.

Saturday's session, beginning at 8:30 p.m., will offer two 10-lap heats in addition to the 25-lap encounter for the Class A drivers, along with three 10-lap heats and possibly two 20-lap features for novice entries.

Rife, who has a record 57 novice cars in the pits last week, said he will run two features if the turnout again tops 50.

The Lincoln promoter, credited with introducing the popular novice competition to this area, lists Jake Beard (60), Willie Muselman (11) and Bill Kershner (61) as top drivers in the new division.

JOE BROWN WINS BY KAYO

COLUMBUS, Ohio (AP) — A technical knockout by world lightweight champion Joe Brown in the fourth round Wednesday night kayoed the hopes of Canadian welterweight champion Gale Kerwin for a climb into U.S. ring prominence.

Brown of Houston, Tex., won the non-title chastity bout here in one minute and 50 seconds of the fourth after Kerwin suffered a gash over his left eye.

Referee Jack Dempsey, the former heavyweight king, halted the national televised fight, called the ringside physician to examine Kerwin and awarded the match to Brown.

The 24-year-old Ottawa fighter had been out of action for about a year and hoped to use Wednesday night's bout as a stepping stone.

The match gave Brown, who weighed 133½ to Kerwin's 140, his 74th victory (34th knockout) against 16 losses, 9 draws and 2 no-contests. Kerwin now has a 28-9-1 mark.

TIGERS HOPING GRID ACE WILL ESCAPE INJURY

By JACK CLARY

Associated Press Sports Writer

Dan Sachs, the oft-injured, seldom played but always touted Princeton tailback, has Tiger fans holding their collective breaths today, for he has gone unhurt in two consecutive scrimmage sessions.

This is not the average for the bread-and-butter runner of a college team but Sachs' attendance record in the Princeton backfield has been far from average during the past two years.

Coach Dick Colman describes him as "outstanding talent" and freely admits that the team's chances of grabbing an Ivy League title depend to a great deal on his health.

Sprains Ankle
Iowa's speedy halfback, Ray Jeter, looks as if he's trying to duplicate Sachs. He sprained an ankle during a passing drill Wednesday and will be out for the week. He missed last week with a hand injury.

UCLA has its tailback problems too. Bill Kilmer, considered the No. 1 man, is back for limited action after being injured. However, he is not expected to start against Purdue next week.

Ron Purdin appears to have taken the No. 1 right halfback spot on Northwestern, which opens against Oklahoma. He teamed with left half Ron Burton, who scored three times, and quarterback Dick Thornton, who fired three TD passes, in a heavy scrimmage session Wednesday.

Eastern League

By THE ASSOCIATED PRESS

Springfield's general manager, Charles Stoneman, says he'll withdraw the Giants from the Eastern League playoffs if a protest by Binghamton is upheld.

The Triplets are protesting the first game of their semifinal playoff with Springfield. They lost that one 4-2 Tuesday night, and they lost again Wednesday night 5-2. It is a best-of-five series.

The Giants won the league pennant and they are favored to win the playoffs—if they don't quit.

The Triplets say the game should be replayed since two of their men were not allowed to play because their names weren't on the official playoff roster. The Giants allowed the two — outfielder Don Lock and pitcher Dick Steward — to play Wednesday night.

Simmons Recalled
Meanwhile, Williamsport defeated Allentown 8-3 Wednesday night in the first game of their semifinal series.

"Pitching was a decisive factor in both victories. Southpaw Curt Simmons threw a seven-hit ball for the Grays and righthander Juan Marichal a six-hitter for Springfield.

When Simmons came off the field he learned that the Philadelphia Phillies had recalled him, effective when the playoffs end. The injury-troubled southpaw was sent down to regain his pitching form. He has won five and lost one.

The Springfield-Binghamton series shifts to Binghamton tonight. Allentown and Williamsport play another one at Allentown.

Purdue, Wisconsin Lead Five Strong Contenders For Big Ten Grid Title

By CHARLES CHAMBERLAIN

Associated Press Sports Writer

CHICAGO (AP) — At least five teams can be considered title threats in what shapes up as an exceptionally rugged Big Ten football campaign this fall.

Possibly Purdue and Wisconsin have the inside track. But Iowa, Ohio State and Northwestern also are definite contenders.

That leaves Michigan, Michigan State, Illinois, Indiana and Minnesota as the surprise makers. Illinois could be the real sleeper.

Purdue is fortified with 23 lettermen. The Boilermakers have two all-lettermen backfields and three experienced quarterbacks. Graduation losses at end and tackle pose the main problem for Coach Jack Mollenkopf.

Sixteen Seniors At Wisconsin
Wisconsin also has 23 lettermen, 16 of them seniors. An All-American quarterback bidder is Dale Hackbart. The Badgers have good size and are defensively sound, but they lack a breakaway runner.

Ineligibility cost Iowa's Big Ten and Rose Bowl champions quarterback Mitch Ogie and halfback Willie Fleming. Coach Forest Evashevski is without an experienced quarterback for the first time in six years but he has a comer in rookie Wilburn Hollis of Boys Town, Neb.

The Hawkeyes have 17 letter-wearers back, including six regulars.

Strong Buckeye Backs
Ohio State will have sophomore halfback Bob Ferguson of Troy, Ohio, quarterback Jerry Fields and fullback Bob White—all topping 200 pounds — to grind out yardage from the split T.

Jim Houston, one of the nation's finest, holds down one end job, and Coach Woody Hayes says his biggest worry is filling the other flanker spot, vacated by Dick Schafrath.

Northwestern is bulging with 26 lettermen including such outstanding players as quarterback Dick Thornton, halfback Ron Burton, fullback Mike Stokk and center Jim Andreotti. The Wildcats, however, are spread a little thin in places and face a murderous schedule starting with Oklahoma in a nationally televised game Sept. 26.

Illini Has Good Line
Illinois boasts one of the conference's best lines, power at fullback and a pair of sophomore halfback standouts. If little Johnny Easterbrook performs steadily well at quarterback the Illini will be tough.

Coach Duffy Daugherty plans to pep up Michigan State's offense with a double winged T and a man in motion.

Michigan will be in its first season with Bump Elliott as head coach and will use the winged T. Twenty-one lettermen return.

Indiana made a great comeback last season with a 3-2-1 Big Ten record. The Hoosiers' lack of experience is bound to hurt.

Sophomores will play a big part at Minnesota along with 18 lettermen. The Gophers lost virtually their entire first string line.

Astronomers once thought there were oceans on the moon. Now they know, says the National Geographic Society, that there are none.

KLUSZEWSKI FOR WHITE SOX IS GOING GREAT

WASHINGTON (AP) — The go-go tactics of the Chicago White Sox have spread to the lumbering members of their crew.

Even Ted Kluszewski, the ponderous first baseman, is getting into the act. Everybody knows that the 245-pound Klu never has won any prizes in a running contest.

Big Klu, purchased from Pittsburgh a few weeks ago for his long hitting punch, did some hustling and thinking on the base lines Wednesday night and, as a result, the White Sox were able to beat Washington for the 11th straight time. The score was 5-1.

The Sox and Senators were tied 1-1 when Kluszewski drew a walk to lead off the seventh inning. When Sherm Lollar accidentally grounded to the box, Ted stormed into second in a cloud of dust.

Billy Goodman then drove a grounder toward shortstop Billy Consolo and Ted started for third on what looked like a foolhardy gamble. However, he maneuvered his body into the path of Consolo's throw toward third. The ball thudded into Kluszewski's broad back. Not only was everybody safe, but the White Sox went on to score four runs in the inning.

Said Kluszewski: "I knew I had made a mistake when I broke for third. My only way out was to slide where I thought the throw was going to come. Sure, it hurt when it hit, but not any more."

SIMMONS TO REJOIN PHILS

WILLIAMSPORT, Pa. (AP) — Southpaw Curt Simmons, the one-time Whiz Kid with the bad luck, will rejoin the Philadelphia Phillies pretty soon with an arm that "doesn't feel too bad."

That was the 30-year-old pitcher's own assessment of his pitching arm when he was told of the Phillies' announcement last night that he'll be recalled as soon as the Eastern League playoffs end.

Simmons was sent down to Williamsport in the Class A league last July to regain his pitching form.

Operation In April
His latest bit of bad luck, a bone chip operation in April, left his pitching arm ineffective. He pitched only 10 innings before he was sent down with the hope steady assignments would restore his effectiveness.

He's 5-1 for Williamsport, including a victory last night against Allentown. He went all the way and gave up only seven hits. "My arm feels good," he said after the game. "I wouldn't say it feels real good, though. It got a little stiff toward the end."

Simmons doesn't expect to be very effective in the last weeks of this season. He's counting on next year.

AVILA SWINGS CLUTCH BAT IN BRAVE DRIVE

By DAVE O'HARA

Associated Press Sports Writer

MILWAUKEE (AP) — Bobby Avila is proving a prize grab for the Milwaukee Braves in the National League pennant fight. He still has plenty of dramatic clutch hits in his potent bat.

The American League castoff disregarded a painful leg muscle pull Wednesday night and cracked a bases-loaded ninth-inning homer that lifted the Braves to a 5-3 victory over the St. Louis Cardinals.

The 380-foot drive over the left field fence enabled the Braves to stay within three games of the first place San Francisco Giants, who won 7-2 over Pittsburgh.

Saw Series Money
"I saw World Series money flying away," Avila said with a big laugh. "I was just trying to hit the ball. He had two strikes (and a ball) one me, so he threw me a curve. I knew it was gone."

Acquired from the Boston Red Sox in July after bouncing around the American League for a decade, the 33-year-old second baseman got into the lineup against the Cardinals as an emergency substitute. Felix Mantilla was lifted for a pinch hitter in the seventh and Manager Fred Haney had to turn to the ailing Avila.

The Indians scored all of their first-game runs in the last three frames putting it away in the ninth when George Strickland singled to center and came all the way home when the ball got past Willie Tasby. Southpaw Jack Harshman (6-9) beat his ex-mates with a five-hitter in a duel with Milt Pappas (14-8).

Rookie Jim Perry (11-7) then beat the Birds with a five-hitter in the second game. The Indians broke a 1-1 tie with singles by Minnie Minoso and Rocky Colavito off Skinny Brown (9-8) in the sixth.

MOON'S DARING BASE RUNNING HELPS DODGERS

By CHARLES MAHER

Associated Press Sports Writer

LOS ANGELES (AP) — Don Drysdale decided to take it easy and Wally Moon decided to take a chance.

That may explain about as well as anything why the Los Angeles Dodgers are still hanging in there today, three games behind the league leading San Francisco Giants.

Tonight the Dodgers will try for a sweep of their 11-game home series with Philadelphia in the final meeting of the two clubs this year.

Drysdale, whose recent six-game losing streak was accompanied by frequent losses of temper, played as quiet and cautious as a burglar Wednesday night as he picked up his 16th victory in a 1-0 shutout of the Phillies.

Strikes Out Eleven
The 6-foot-6 fight-hander struck out 11, didn't walk a man and got through the entire game without snarling at anybody.

A daring stunt by Wally Moon proved as essential to the victory as the pitching.

Moon opened the sixth with a single off loser Taylor Phillips (1-6). Norm Larker tried to bunt Wally along but popped the ball foul with catcher Carl Sawatski making a fine diving catch.

Moon, seeing Sawatski sprawled on the ground, touched up at first and sprinted to second, just getting there ahead of Sawatski's throw. It was a considerable risk but it paid off when Gil Hodges singled with two outs, driving in Moon with the game's only run.

INDIANS WIN PAIR BUT STILL TRAIL CHISOX IN FLAG RACE

By ED WILKS

Associated Press Sports Writer

You might say the Cleveland Indians have been streaking along at a standstill in that American League pennant chase.

They've won six in a row, seven of their last eight and 15 of the last 20.

Yet the Indians are right where they were when they started—4½ games behind Chicago's first-place White Sox.

Sox Keep Going
The Tribe has lost only five times in 20 games since dropping four in a row and falling 4½ games behind Chicago on August 18. But those five defeats have kept them on a treadmill, for it was the White Sox who handed Cleveland all five.

The Sox, who have a 17-7 record in that same span, won their fourth in a row and reduced their magic number to 12 by beating Washington 5-1 Wednesday night as the two contenders opened their last trips through the East.

Cleveland stayed with 'em by sweeping a two-night doubleheader at Baltimore, beating the Orioles 3-2 and 4-1.

Tigers Still Third
Still, a combination of 12 Chicago victories and Cleveland defeats will give the White Sox their first pennant in 40 years. Chicago has 15 games left, Cleveland 16.

Detroit held on to third place with a 3-1 victory at Boston on a three-hit pitching job by Jim Bunning (16-11) and Al Kaline's two-run homer. New York, a half game behind the Tigers, handed Kansas City a 12th consecutive loss, 4-0, as Art Ditmar (12-8) and Whitey Ford combined for a four-hit shutout.

Cincinnati took two from Chicago's Cubs, winning 4-2 in 10 innings and then taking the nightcap, held to five innings because of darkness, 7-2.

The White Sox, out-hit 7-6, made it 11 in a row over the last place Senators by breaking a 1-all tie in the seventh.

Won It In Seventh
They scored four runs in the seventh on a walk, two errors, Al Smith's single to center, Jim Rivera's single off the shin of loser Tex Clevenger (7-4), a bunt single by Bob Shaw and Luis Aparicio's sacrifice fly.

The Indians scored all of their first-game runs in the last three frames putting it away in the ninth when George Strickland singled to center and came all the way home when the ball got past Willie Tasby. Southpaw Jack Harshman (6-9) beat his ex-mates with a five-hitter in a duel with Milt Pappas (14-8).

Rookie Jim Perry (11-7) then beat the Birds with a five-hitter in the second game. The Indians broke a 1-1 tie with singles by Minnie Minoso and Rocky Colavito off Skinny Brown (9-8) in the sixth.

Tug-of-war Builds Up On How State Should Help 2,000 School Districts

HARRISBURG (AP)—A tug-of-war built up today on just how the Commonwealth should help some 2,000 school districts out of a financial jam resulting from increased real estate market valuations.

The House Wednesday night passed and sent to the Senate an administration plan to make certain these school districts receive in the 1960-61 school year no less than 75 per cent of the state aid they will get in the current school year.

The 182-1 vote saw a raging debate that hewed closely to big city vs. rural area lines.

Offer "Freeze" Plan
The Senate last month approved and sent to the House a proposal to attack the same problem but by a different method. It would freeze the 1960-61 school subsidy for all school districts at the same level as that for the current school year.

It will now be up to the respective chambers to decide which of the bills should be passed or to achieve a compromise.

The problem was created by a recent report by the State Tax Equalization Board on real estate valuations. These valuations, a key factor in calculating state aid for schools, would reduce subsidies to some 2,000 school districts next year and give increases to about 50 others, including Philadelphia and Pittsburgh.

Attacking the House-passed bill, Rep. Albert W. Johnson, Republican floor leader, said:

"The hinterlands are being crucified by the Tax Equalization Board. I think something more should be done."

Rep. Maurice H. Goldstein (R-Allegheny), the only House member to vote against the measure, said he saw no reason at this time to change the basis of handing out state aid.

Nine Millions At Stake

Rep. Louis Sherman (D-Phila.), replying to Johnson, said he never heard of any complaints against the board when its valuations hit the big cities and not the rural areas.

The Pennsylvania State School Directors Assn. has estimated the new real estate market valuations would cost smaller school districts about 9 million dollars in the next two years.

These districts, after receiving 75 per cent of what they would get in 1960-61, would get 50 per cent in the 1961-62 school year and 25 per cent in the following school year.

Other legislative developments: **TAXES**—The Senate Wednesday night completed legislative action on an administration proposal to increase the hotel occupancy tax from 3 1/2 to 4 per cent.

Usually a companion of the sales tax, the measure had been lost in the shuffle when the lawmakers were pushing through the 4 per cent sales levy. The latter became law Aug. 20.

STOP GAP APPROPRIATIONS
The Senate unanimously passed—The Senate unanimously passed House-passed stop gap appropriation of \$205,400,000 to finance normal state operations.

The money is being put up in advance until the Legislature winds up its task of approving the 1959-61 budget for the Commonwealth.

ADJOURNMENT—The Senate, with only half of its members on hand after the Labor Day holiday, hewed to plans for a Sept. 28 final adjournment.

But there were indications that the deadline would not be met. The biggest obstacle is reaching a bipartisan agreement on the size of the budget.

The Democratic-controlled House already has completed its budget tasks but the Senate Republican majority is expected to cut up to 60 million dollars.

Such a move would send appropriation bills to a conference committee to work out a compromise. It was anybody's guess on how long that effort would last.

PIAA PROBE—The House Rules Committee approved a plan to turn a proposed investigation of the Pennsylvania Interscholastic Athletic Assn. to the Legislature's Joint State Government Commission.

HARNESS RACING—A plan to legalize betting at harness races in Pennsylvania was cleared by the House Rules Committee for floor action.

Fairs sponsored by local governments or agricultural associations would be exempt from control if they did not permit betting.

LOCAL HIGHWAY AID—The Senate Highways Committee approved a plan to give cities, boroughs and townships 30 million dollars in the next two years for local road construction.

The money, coming from a half cent of the state's five-cents-a-gallon gasoline tax, would be divided on the basis of 60 per cent of local road mileage and 40 per cent on population. The same formula has been in effect for the past two years.

Admiral David Farragut, on August 5, 1864, won the Battle of Mobile Bay and opened the Mississippi to Union passage. When the U.S.S. Seeking Solution
The fishways issue was brought before Curwood's committee again Wednesday as it resumed its investigation into the reason behind the decline in fishing sales in the state over the past few years.

Under questioning by Beck, executive director William Voigt Jr. of the Fish Commission said he is "actively working toward a solution of that problem."

He said he does not consider himself bound by agreements of his predecessors with the power companies that built the dams that the commission would not push for construction of the fishways.

Companies Paying
The companies have, instead, been making annual payments to the state for propagation of fish.

Most of the Fisheries Committee hearing, however, was devoted to the affect of stream pollution on fishing conditions.

Frenchmen Insist Bubbles Don't Make Champagne

PARIS (AP) — Take it from French experts, you've got to be careful around the world when you order champagne. You might get cider or, perish the thought, mineral water.

This is true, the French say rather sumgily, in any country save France. When you order champagne here, you get champagne.

To a Frenchman, champagne is the bubbly stuff that comes only from the champagne district

of France. This view is assiduously propagated by an organization with worldwide eyes and a jawbreaker name — the French Institute of Original Place Names for Wines and Brandies (INAO).

They're Not Champagne
INAO tolerantly recognizes that other countries make bubbly wines that may appeal to uneducated tastes. That doesn't make them champagne says INAO—and it stresses its point in lawsuits,

indignant statements and a continuing barrage of publicity.

INAO is ready to go to court at the pop of a cork.

Sometimes courts can't help. Soviet Russia is putting out a product called "Sovetskoe Shaampanskoye."

"Unfortunately," INAO says, "political reasons render solution of this problem very difficult."

INAO recently did unsuccessful battle in London against a bubbly wine from Spain labeled, excuse the word, champagne.

Lost British Suit
INAO lost its suit to bar the label from British markets and

the reaction in France was immediate and bitter. Bars in Paris serving Scotch angrily staged a series of short-lived boycotts.

Spain and Russia are the two big offenders in importing or selling locally bubbly wines called champagne. However, INAO is also upset at the United States practice.

There is nothing INAO can do in the United States where legislation says it is okay to sell champagnes that are properly labeled as to origin — like "California champagne" or "New York champagne."

The name champagne is widely used in South America for a va-

riety of products including a brand of coffee and a bubbly mineral water produced in Brazil.

South American Use
Use, or as INAO would insist, misuse, of the term champagne is so entrenched in South America through usage, custom and law that INAO says it is too late to hale most offenders there into court.

But Europe is another matter. INAO inspectors, posing as simple tourists, prowl through European restaurants ever on the alert for mislabeled products.

A German producer who labeled his product champagne because the firm was founded years ago at

Epernay in the heart of the champagne district was brought to court by INAO and forced to stop using the name.

German Cases
The INAO also got a court ruling against another German firm which translated the German word "Schaumwein," meaning sparkling wine, as champagne on the product it bottled for export.

In Britain you may also get "champagne cider" or a beverage made from pears which is also called champagne.

In a way, eagerness to use the name champagne is a tribute to the magic and prestige of the word which is a worldwide symbol

U. N. Probers May Fly To Laos Friday

UNITED NATIONS, N. Y. (AP)

A four-nation team of top diplomats may fly to Laos Friday to probe charges of Communist aggression in the tiny southeast Asia kingdom.

The special U. N. fact-finding subcommittee, created Tuesday by the Security Council despite Soviet protests, will fly to the Laotian capital of Vientiane, arriving there probably Sunday.

of quality. But it is INAO's mission to remind you that all that bubbles is not champagne.

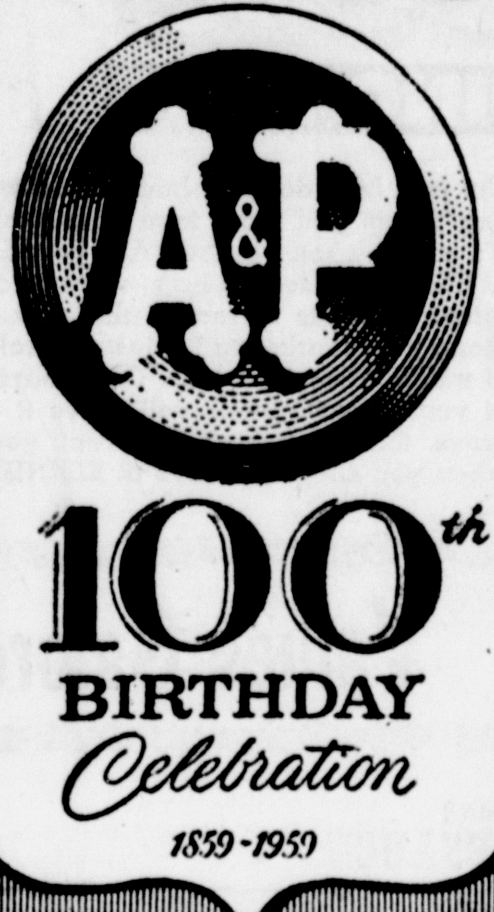

Heading the team will be Shunichi Shibusawa of the Japanese foreign office, his country's former ambassador to Thailand, Laos and Spain.

SETS RECORD

NEW DELHI (AP) — Bhagat Bhim Sen set what he said was a record recently by carving a 4½-inch ivory ball with 26 other ivory balls inside.

Bhim Sen claimed this beat his own record of 25 balls inside a 4½-inch sphere set in 1955. Before that, he said, a Chinese craftsman had held the record with 24 balls inside a six-inch sphere.

FORD FALCON
PHOTOGRAPHS
ARE RELEASED

Ford Division of Ford Motor Company released first official photographs of the Falcon today and said it expects to build 100,000 of the new economy cars by the end of the year.

James O. Wright, company vice president and Ford Division general manager, said assembly of Falcons already is under way at the division's Lorain, Ohio, assembly plant, and will start shortly at plants near Kansas City, Mo., and San Jose, Calif. Falcon engines are being produced at Lima, Ohio.

Wright said the keynote of the Falcon will be economy of operation and maintenance.

"For example," he said, "the Falcon will have gasoline economy 50 per cent better than the largest of the so-called 'compact' cars of American manufacture, and 35 per cent better than the smallest domestic car made by the same producer. Compared with the latter, the Falcon has 35 per cent more luggage space, 70 per cent more windshield area, and full foot more of rear-seat width."

Parts Cost Less
Wright said that in the area of replacement parts a Falcon fender will cost 50 per cent less, a windshield 40 per cent less and a muffler 30 per cent less.

With regard to air-cooled versus water-cooled engines, Mr. Wright said the Falcon's water-cooled, front-mounted engine will require only \$1.80 worth of anti-freeze in the winter—50 per cent less than a full-size car.

Wright said the Falcon will be introduced publicly October 8 at 7,000 Ford Division dealerships across the country.

"Based on the amount of public interest in the Falcon already being reported by our dealers," he said, "we are expecting our busiest introductory period in years."

The Ford Falcon, first of America's new-size cars, represents a "breakthrough" in automotive design that may materially alter the future of the automobile industry. The Falcon Fordor shown here is more than two feet shorter and three-quarters of a ton lighter than a standard 1959 Ford. Yet the Falcon is a six-passenger car, with interior roominess approximating that of standard models.

NO PROBE OF
PIAA NOW BY
LEGISLATURE

HARRISBURG (AP)—There apparently will be no legislative investigation of the Pennsylvania Interscholastic Athletic Assn. during this session of the General Assembly.

Two separate resolutions introduced in the spring urged immediate investigations of the PIA by a joint House-Senate committee.

They were referred to the House Rules Committee which finally made its move Wednesday by proposing that an investigation be conducted by the Joint State Government Commission, the research arm of the Legislature.

Until Next Session
That would mean there would be no report of a probe until the next session of the General Assembly.

One of the resolutions asking for an immediate probe stemmed from the PIA's failure to utilize new basketball facilities at the Farm Show Building in Harrisburg for the state playoffs.

The other resulted from the one-year suspension handed Chester High School by the PIA for the beating of a boy by Chester students following the championship basketball playoff in Philadelphia.

SCIENTISTS WILL
STUDY CAPSULE

CAPE CANAVERAL, Fla. (AP)—Scientists waited anxiously today to examine a one-ton model space capsule that survived a fiery re-entry through the earth's atmosphere.

The study is expected to provide valuable information for Project Mercury—the U.S. program designed to put a man in orbit within the next two years.

The capsule—the same size and shape as the vehicle which will be used on the first manned orbit—was being rushed to Puerto Rico early today by the Navy destroyer that plucked it from the Atlantic Wednesday northeast of the West Indies island of Antigua.

An Air Force plane was ready to fly the capsule to Cape Canaveral late today or early Friday. The National Aeronautics and Space Administration may show it to newsmen after a preliminary study.

A good reason for being safety-conscious at back-to-school time, the National Safety Council says: The 39 million grade and high school students in the United States. Keeping students alive and safe, the council says, is a job for all of us.

Chester Ignored

The House Rules Committee approved and sent to the floor the resolution concerning the Farm Show Arena basketball facilities.

Ignored, for the present at least, was the Chester resolution. The PIA, which holds an absolute control over high school athletics in Pennsylvania public schools outside Philadelphia, has never been investigated despite repeated moves in the Legislature to do so.

It is independent of state government, supported entirely by the schools themselves as an extra-curricular function.

LITTLE CHANCE
FOR LEGALIZED
RACE BETTING

HARRISBURG (AP)—Legalized betting on harness racing went to the legislative post today after winning approval of the House Rules Committee.

But the measure providing for parimutuel betting on the pacers and trotters appeared to have no more chance than a similar proposal for thoroughbreds.

The earlier legalized horse racing bill also was approved by committee but ran into its perennial opposition on the floor of the House and was sent back to committee today.

No Referendum

The harness racing proposal, approved Wednesday for floor action, would establish a commission to control the sport.

Harness races at fairs sponsored by local governments or agricultural groups would be exempt from control if they banned betting.

There is no provision for a statewide referendum in the harness bill, but it does stipulate there shall be no betting in any county until the question has been settled by the voters of the county.

The state would collect five per cent on each admission and five per cent of the money wagered at each track. Most of that money would go into the general fund, but 25 per cent—after expenses of the harness commission—would be turned over for prize money at the county fair races.

On August 15, 1944, the U.S. Eighth Fleet, under Vice Admiral H. K. Hewitt, landed troops in three areas east of Toulon in Southern France, bringing to a close that phase of WWII that had begun in North Africa.

Abbottstown

ABBOTTSTOWN—Charles Higgs, foster son of Mr. and Mrs. Elmer Crowl, returned home Thursday from the York Hospital.

Mr. and Mrs. Gerald Myers and family visited in Ohio during the Labor Day weekend.

The Abbottstown Lions Club will hold their annual shrimp feed

Thursday evening.

Mrs. Naomi Meckley and Mr. and Mrs. Bud Meckley and family visited at Harpers Ferry, W. Va., recently.

The following members of Paradise Catholic Parish entered the freshman class of Delone Catholic High School, McSherrystown, Tuesday: Dora E. Butler, Vivian Baumgardner, Gloria E. Baker, Rosella R. Smith, Melvin A. Glass,

John C. Balek and Lawrence F. Hagerman. Also among the Delone enrollment about 30 students in the higher classes, together with a number of boys who make their home at Paradise Agricultural School.

Paradise Catholic Parish grade school will enter a team of boys from the Abbottstown-East Berlin and nearby rural areas in the Parochial Grade School Football

League which will open its season September 20.

Boys residents of Paradise Agricultural School have received an invitation of the management of York Interstate Fair to be grandstand guests for the afternoon performance next Tuesday. The boys were guests, also, at the recent performance of Mills Brothers Circus, sponsored by New Oxford Lions Club.

A Final Demonstration Climaxing Ford's 3 Years and 3 Million Miles of Research and Development on the New Ford Falcon...
EXPERIENCE RUN, U.S.A.
A fleet of Falcons is going to undergo a final exhaustive test... over every single mile of numbered U.S. Federal Highway... along a crisscross route that will include the ups and downs of two major mountain ranges, the challenges of every type of roadway and thruway, main street and boulevard.

TODAY...10 P.M. THE NEW-SIZE FORD
STARTS ON ITS WAY TO YOU!

The Falcon, the New-Size Ford, already is the most thoroughly tested and proven new car in history. Today this new Ford Falcon starts EXPERIENCE RUN, U.S.A., over every mile of numbered U.S. highway

This is not a test run in the ordinary sense of the word. For in its 3 years of development and over 3 million miles of proving, the Falcon has already passed and repassed every kind of test that could be devised.

It's been dust-tested, heat-tested, and endurance-tested on the test track at Kingman, Arizona. Wind-tested and rain-tested in the 300 mph wind tunnel at the University of Maryland. Shock-tested, curve-tested, brake-tested, noise-

tested, paint-tested, stability-tested, service-tested... everything tested on Ford's own proving grounds. The Falcon has already proved to engineers that it takes anything they can dish out.

Now, Experience Run, U.S.A. will show you what the Falcon can do over your kind of roads. How many miles to the gallon? Records will be kept of every drop of gas used. Better gas mileage? The Falcon will average up to 30 miles per gallon!

On October 8, the New-size Ford will be at your Ford Dealer's... for you to experience. See your Ford Dealer today for more information on the Ford Falcon.

EAGLES LOSE PETE RETZLAFF

HERSHEY, Pa. (AP) — The Philadelphia Eagles announced today that end Pete Retzlaff, one of the National Football League's best pass catchers, will be lost to the club for an indefinite period because of broken bone in his left foreleg.

It is expected that Retzlaff will be sidelined for the remainder of the Eagles' exhibition games and probably the season opener in San Francisco Sept. 27.

Retzlaff had been receiving treatment for torn ankle ligaments in the left leg, but recently he complained of pain higher up. X-ray examinations revealed yesterday that he also had suffered a broken bone.

The Eagles pared their squad down to 42 by releasing end Dan Chamberlain, who had been picked up from the Detroit Lions.

FIRE DESTROYS RUBBER PLANT

PHILADELPHIA (AP)—A four-story manufacturing plant was destroyed and an adjoining building damaged heavily Wednesday by a seven-alarm blaze.

The fire broke out in a shredding machine in S. W. Kennedy Foam Rubber Co. It spread quickly through the building and to the Elisha Webb and Son Co., Inc., marine supply firm.

Some 30 persons in the two firms fled to safety. Several firemen were overcome by heat prostration while fighting the blaze in 90 degree temperatures. A policeman was hospitalized when a hose coupling broke and he was hurled 60 feet. The policeman, Joseph McLaughlin, 57, was hospitalized with a possible skull fracture and other injuries.

Damage was not officially estimated but was believed in the hundreds of thousands of dollars.

A 12-inch water main several blocks away burst under pressure increased to help fight the fire. The break caused a street collapse 15 by 20 feet and several feet deep. The fire scene was at Front Street between Chestnut and Walnut Streets.

FACES MURDER CHARGE

ALLENTOWN, Pa. (AP) — A white farm worker has been charged with the murder of a Negro woman who worked on the farm with him.

State police said John Breen, 63, admitted Wednesday night that he beat and choked Lillie Leather, 57, and pushed her into a quarry 20 feet from the shack in which she lived. The quarry was 60 feet deep.

Three others arrested when the body was found Tuesday were released.

The POWER of FAITH by Howard Brodie

A church was built in Stowe, Vt., 10 years ago in memory of a layman known affectionately as Brother Joseph Dutton. People of many faiths come to the Catholic Church of the Blessed Sacrament to pray or find inspiration in his life.

Joseph Dutton left Stowe in 1861 to enlist in the Union Army. He was a courageous soldier. Yet, after the Civil War he became a drunkard for 10 years. He conquered the habit and found faith. Regretting his wasted years, he determined to serve God. He learned of Father Damien's service to lepers on the Hawaiian island of Molokai. Joseph went to the leper colony and remained on the island over 40 years until his death there at 87. He was carpenter, mason and gardener; he dressed sores and performed surgery. He worked hard, arose early, sometimes didn't go to bed at all. At 84, he wrote, "The clock now strikes 4 A.M. and not one-quarter of what I hope to do is done." He took no money for his work and gave away all he had. He became head of the colony and watched it grow into one of the finest in the world.

When 16 U.S. Navy ships steamed by Molokai in 1908, they dipped their flags in salute to the veteran on orders of President Theodore Roosevelt.

"I was firm in at least one resolve," wrote Brother Dutton, "... to do what I could to help my neighbor in every way. It has been my hope never to falter in this..."

MAYS SCORES FROM SECOND ON FORCE OUT

By JACK STEVENSON

Associated Press Sports Writer
SAN FRANCISCO (AP)—You're got to play heads - up baseball against the National League leading San Francisco Giants, especially when Willie Mays is on base.

The Pittsburgh Pirates discovered that Wednesday as they dropped a 7-2 decision. The Giants maintained a 3-game lead over Milwaukee and Los Angeles.

Here was the situation: Pitcher Jack Sanford was on third, Mays on second and Willie McCovey on first. There was one out with Orlando Cepeda batting and the Giants ahead 2-1.

Mays Scores

Cepeda hit a bouncer to shortstop Dick Groat who threw to second baseman Bill Mazeroski to force McCovey. Mazeroski relayed to first baseman Dick Stuart as Sanford scored. Mays didn't break stride as he rounded third and headed for home. Mazeroski's throw didn't get Cepeda and by the time Stuart realized what was happening, Mays had scored from second on a force out.

"I knew where the ball was all the time," the fleet center fielder declared. "I could have stopped at third. I gotta do something, I'm not hitting."

INFANT IS DROWNED

READING, Pa. (AP)—An infant apparently drowned Wednesday night when his mother turned her back while bathing him.

Robert P. Moyer Jr., 6 weeks old, of suburban Greenfields, was pronounced dead at Reading Hospital. The Berks County coroner attributed death to possible asphyxiation.

The mother said the boy slipped into the bath water when she left him alone for a moment. She was hospitalized.

TULANE SENIOR FACES LAYER IN QUARTERFINAL

By ED CORRIGAN

Associated Press Sports Writer
FOREST HILLS, N. Y. (AP)—Ronnie Holmberg, a big, blond senior at Tulane by way of Brooklyn, is only 21 but he already has run the gamut in tennis.

Five years ago, he was rated one of the top young hopes in the country. But after beating Rod Laver of Australia for the Wimbledon junior title in 1956, he never made much more progress.

Today he plays the same Laver in the quarter-final of the Nationals. Now no one is so sure Ronnie is a has-been—least of all Ronnie. He polished off Davis cupper Earl (Butch) Buchholz Wednesday 6-3, 7-5, 8-10, 5-7, 6-3. Buchholz was seeded No. 7.

Olmedo Wins

Except for Holmberg's upset of Buchholz, things progressed in normal fashion Wednesday. Top-seeded Alex Olmedo of Los Angeles ousted young Chuck McKinley of St. Louis, 6-3, 6-2, 6-4, and second-ranked Neale Fraser of Australia bounced Rudy Hernandez of Detroit, 6-0, 6-2, 6-3, to advance to the quarter-finals.

Bernard (Tut) Barten of San Antonio, Tex., caught up with 36-year-old Vic Seixas, 2-6, 8-10, 6-0, 6-3, 6-1, to grab a quarterfinal berth.

So six of the eight spots in the quarters now are filled. Holmberg, Laver, Olmedo, Barten, Fraser and Roy Emerson are in. The other two rounds of 16 tests will be played today. They pit third seeded Barry MacKay of Dayton, Ohio, against Bob Mark of Australia, and sixth - seeded Luis Ayala against Ed Dailey of Harrisburg, Pa.

Only part of one match was played Wednesday in the women's division because of a 45-minute thunderstorm.

Top-seeded Maria Bueno of Brazil and Jeanne Arth of St. Paul, were tied at one set each when darkness fell.

POLICE CHIEF DIES

NORRISTOWN, Pa. (AP)—Robert Reilly, police chief since 1944, collapsed and died Wednesday in his office while addressing a group of policemen.

Reilly, 66, joined the force in 1924. He was a former president of the Montgomery County Police Chiefs Assn.

SURVEY ENDS IN DROWNING

WATSONTOWN, Pa. (AP) — Roger Lee Livingston, 23, of Morton, Pa., drowned Wednesday in the Susquehanna River while helping with a survey for Johns Hopkins University.

Livingston and Dr. J. Gordon Nelson, 27, of Baltimore, both members of the university's geography department, were making the survey in the river at this Northumberland County community.

Nelson was on the bank with a transit while Livingston waded out into the shallow river with other equipment.

He stepped into a deeper channel section and began to flounder. Nelson went to Livingston's aid and with the help of boaters got him to shore. But attempts to revive Livingston failed.

His parents, Dr. and Mrs. J. G. Livingston are connected with the University of Dacca, East Pakistan.

G.W. LOSES SOPHOMORE
WASHINGTON (AP)—Coach Bo Sherman of George Washington said Wednesday that sophomore guard Joe Coniglio of Swoyersville, Pa., would be lost to the football squad for the rest of the season because of a series of injuries. Coniglio was considered a top prospect.

PRESIDENT ON TV TONIGHT

WASHINGTON (AP) — President Eisenhower, who thinks the American public sometimes needs "almost spoon-fed" education on the nation's role in the world, speaks to the people tonight.

His report on his recent trip to Europe and on the visit here next week by Soviet Premier Nikita Khrushchev will be carried from 6:30 to 6:45 p.m. (EST) by major radio and television networks.

The President talked Wednesday about informing the public in remarks to a delegation from the National Council of Churches of Christ.

He said he always feels "the necessity of trying to make the facts available to the American public. And sometimes, you know, you have to tackle them and hold them down to feed these facts to them."

"Now you give the facts, but it doesn't always penetrate, so there has to be education, sometimes almost spoon-fed, and probably with the aid of a hammer. But we need it."

INDIANS WIN TIGHT GAMES

BALTIMORE (AP) — Taking a page from the book of the league-leading Chicago White Sox, the Cleveland Indians have found the happy formula of winning late inning one-run victories.

Cleveland's 28-18 edge in one-run games is modest compared to Chicago's 33-11 margin, but it's significant that the Indians' last-ditch six - game winning streak has been built on such thrillers.

When the Indians edged the Baltimore Orioles 3-2 in the first game of a doubleheader sweep Wednesday night, it was their fifth victory in a row by one run, four of which they won in the ninth inning.

The 4-1 second game victory cut Chicago's first-place bulge to 4½ games.

Manager Joe Gordon agreed that the doubleheader victory represented "two big ones," but pointed out that all games are in that category until the end of the season.

Fanny Brice, famous American comedienne, studied for the stage under James O'Neill, father of playwright Eugene O'Neill.

Miss Pennsylvania In 3-way Tie On Talents At Pageant

By ANDREW MEISELS

ATLANTIC CITY, N. J. (AP)—An unprecedented three-way tie climaxed the talent competition of the Miss America pageant Wednesday night.

Talent winners were Miss Pennsylvania, Miss Connecticut and Miss District of Columbia. At the same time, Miss Washington took the swimsuit award and all four contestants were thus assured of at least a \$1,000 scholarship.

Miss Pennsylvania, 21-year-old Lois Janet Piercy of Springfield, Pa., won the judges' favor in art and music.

She Plays Flute

Miss Piercy displayed a large oil painting. She sat next to it and played an original composition on the flute. Both music and painting bore the same title — "Night Bore On The City."

A tractor figured in Miss Connecticut's efforts.

Spectators craned their necks as Diana Martha Klug, 21, of Torrington, Conn., rumbled on stage atop a tractor, which she is proficient in operating.

Miss Klug, who grew up on a farm, then presented a dream skit which presented her as a farm girl aspiring to wear other-than-farm-girl clothing.

Climax Saturday

Virginia Noble Palles, blonde, 21-year-old Miss District of Columbia, won acclaim for her rendition of "It All Depends On You." Miss Palles wore a floor-length pink chiffon sheath with matching pumps and white elbow-length gloves.

Miss Washington, Sharon Joyce Vaughn, 21, of Seattle won the swimsuit competition in a white bathing costume. Miss Vaughn is a senior at the University of Washington, stands 5 feet 7 and measures 36-22-36.

On Saturday night, Miss America herself will be crowned as successor to this year's title holder, Mary Ann Mobley of Brandon, Miss. With the title goes \$10,000 in scholarships and an estimated \$75,000 in personal appearance dates. The "losers" will split up \$26,000 in scholarships.

days before the opening in New York of a U.N. General Assembly at which India has proposed seating of Red China. Similar

bids by Communist friends of Red China and neutrals for replacement of Nationalist China have failed year by year.

CHEVROLET JOINS SMALL CAR BATTLE

By BEN PHLEGAR
AP Automotive Writer

DETROIT (AP)—Chevrolet officially joined the small car battle today with details on its new Corvair, America's first car with the engine in the rear.

Ford unveiled its small Falcon a week ago. Still to come from the big three automakers is Chrysler's Valiant. It will be along in November. The Corvair will go on sale Oct. 2; the Falcon on Oct. 9.

The Corvair has an air-cooled, six-cylinder engine made mostly of aluminum. This engine is mounted in what up to now always has been the trunk compartment on American cars. The location is the same as in the Volkswagen and Renault, the two sales leaders among foreign cars.

Only 15 Feet Long
The Corvair will be built at first only in four-door sedan models. These will weigh 2,375 pounds. They will be 15 feet long, about 2 1/2 feet shorter than the 1959 Chevrolet; 4 feet 3 inches high and 5 feet 7 inches wide. It will have about 90 horsepower. A two-door model will be offered early next year.

Like the other two new compact cars, the Corvair will have a unitized body—a one piece unit rather than a body shell bolted to a frame. Rambler also uses this type of body construction.

Ed Cole, Chevrolet's general manager, told a national press preview today that the Corvair will get 25 to 40 per cent better mileage than the standard Chevrolet six-cylinder model.

NEW YORK (AP) — A woman has been charged with homicide in the death of a 16-year-old youth who fell to his death from a Bronx tenement roof while fleeing her unleashed watchdog.

The victim, Jesus Delgado, was playing on the roof of the five-story building. The noise annoyed Mrs. Anna Maronet, 67, who lives on the top floor.

Police said she went to the roof and unleashed her big Belgian shepherd dog. The dog lunged toward Delgado who ran to another side of the roof, leaped over a parapet, failed to reach an adjoining building, and plummeted 70 feet.

VIENTIANE, Laos (AP)—Communist North Viet Nam troops, crossed into Laos and attacked three army posts in Phong Saly province, the army said today. Government troops suffered losses but the number was not announced.

A communique said the three posts were clustered 20 miles inside the Laos border directly west of Dien Bien Phu, where the French army made its last bloody stand during the Indochinese war in 1954.

PENMANSHIP, ART WINNERS ANNOUNCED

Winners in the annual art and penmanship exhibits entered by the school children of the county in the South Mountain Fair were announced today by the assistant county Superintendent of Schools M. Francis Coulson.

Art exhibits awarded \$15 were those entered by the Bermudian Springs, Fairfield, Gettysburg, Littlestown, Lower Adams and Upper Adams districts. A \$7.50 award went to the Franklin Twp. Consolidated School for an elementary school only exhibit.

Mrs. Berdette Myers, Chambersburg, a penmanship supervisor, judged the penmanship. Grade One students printed the sentence "This sample shows how well I have learned to write"; the Second Grade students wrote, "I am now learning to write." Grades Three and Four wrote:

"A Patriotic Creed"
"To serve my country day by day
At any humble post I may,
To honor and respect her flag,
To live the traits of which I brag,
To be American in deed
As well as in my printed creed."

"Four Things"
The Fifth and Sixth Grade students wrote:

"Four Things"
"Four things a man must learn to do
If he would make his record true;
To think without confusion clearly;
To love his fellowmen sincerely;
To act from honest motives purely;
To trust in God and Heaven securely."

—Henry van Dyke

MERCURY DROPS IN SOME AREAS

By THE ASSOCIATED PRESS
Cool Canadian air moved into the central section of the country today, and temperatures plummeted.

Early readings in the northern Plains and upper Mississippi Valley were 30 to 40 degrees lower than 24 hours earlier.

Hours after the cool air swept down, it had moved into the lower Great Lakes and southwestward into northern Texas.

Warm, humid air, however, clung heavily to southeastern United States.

In Birmingham, Ala., Wednesday, 1 1/2 inches of rain fell in about 70 minutes. Some power lines fell; cars stalled throughout the city; basements, some yards and the downtown section were flooded.

St. Petersburg, Fla., received 3.17 inches of rain in one hour, and in some streets water ran 12 inches deep.

school was \$757,473 submitted by A. B. Seifert and Son, York, York. However that contained a bid for kitchen equipment which was \$20,000 lower than any others. The company asked whether it wished the kitchen equipment bid to stand. With its negative decision the bids pertaining to kitchen installations were all rejected.

As a result Reisinger Brothers, Carlisle, became the low bidder for general construction of the high school. The other low bidders for the high school were: Plumbing, James Craft and Son, York Haven and electrical, Miller-Liskey, Hagerstown. The low bidder for the East Berlin addition are: general construction, Reisinger Brothers, Carlisle; heating, James Craft and Son, York Haven; plumbing, L. B. Slothour, East Berlin and electrical, Miller Brothers, Mt. Wolf.

Members of the school board said it will be about a month until bonds can be printed, turned over to the Philadelphia financial house, money obtained and contracts let for the construction. It is expected work will begin in October. Tentative deadline for completion of the new high school is December, 1960. Tentative date for completion of the addition at East Berlin is September, 1960.

CHURCH EVENT SCHEDULED

An evening of games will be held September 28 at St. Joseph's Catholic Church, Emmitsburg. Weather permitting the affair will be held on the rectory lawn. If weather is inclement it will be held in St. Euphemia's hall. Mrs. Barbara Arnold and Mrs. Marie Long are in charge. Homemade cakes, candies and refreshments will be on sale.

FIGHT THREE BLAZES

DEADWOOD, S.D. (AP)—Most residents of this forest-fire-threatened community remained away from their homes and businesses today as forces of some 700 men continued battling three major blazes. Tom Borden, assistant state forester, said crews were seeking to prevent a breakout of the flames and a repetition of Tuesday, when flames seared a circle around Deadwood, forcing evacuation of 3,500 residents.

SOME NOVEL FEATURES IN NEW TV SHOW

By CYNTHIA LOWRY
AP TV-Radio Writer

NEW YORK (AP)—A cops and robbers series climbed into television's fall bandwagon Tuesday night, the first new CBS entry of the season. This one is called "Tightrope!" and while the first show was well produced and expertly filmed it was heavily indebted to other shows of other seasons built along the same general lines.

"Tightrope!" stars an attractive newcomer—at least he is new to this reviewer — named Michael Connors who is never given a name, just identified as a police undercover man. This, and the fact that he wears his artillery in a special holster in the small of his back, are the novel features of the show.

There is the usual incidental music, the gun play, the fistfights, the bad guys, the good police and the assurance that undercover man Connors will live through a plot to rob the race track so that he may star in subsequent weeks. ABC's "John Gunther's High Road" officially kicked off the new show season Labor Day.

Playhouse 90 Winds Up

The first of this series was a half-hour film account showing how native Congo dancers were picked for the successful African Ballet which toured the United States last year.

Although the first show had an interesting story line, time was too short to permit its development. More of the program was devoted to tribal dancing than to the search.

Author John Gunther—shown, of course, in a book-lined study—seemed ill at ease in his narrator's role.

Playhouse 90 is winding up its season of repeats with three of its best shows: William Faulkner's "Old Man," J. P. Miller's "The Days of Wine and Roses" and Michel del Castillo's "Child of Our Time." Its new season starts Oct. 1.

Bank Employee "Took A Walk"

PHILADELPHIA (AP)—A Broad Street Trust Co. branch wasn't closed Tuesday and its supervising bookkeeper wasn't missing.

When the bank opened two special guards were inside, but the bookkeeper, Albert Achtert, 47, reported for work on time — and alone. Police had feared someone might have kidnapped him as a hostage for bank robbery.

Achtert told his wife Sunday he was going to the office to do some work. When he didn't come home, she called police.

The bookkeeper returned just before dawn Tuesday. Police quoted him as saying he had a case of nerves and "took a walk from home Sunday."

IKE'S APPEAL NETS ROUND OF ACCUSATIONS

By JOE F. KANE

WASHINGTON (AP)—President Eisenhower's appeal for a big push to end the steel strike has netted only a new round of accusations between steel management and labor.

Neither side reacted with a new approach to breaking the 57-day stalemate—now the longest steel strike in the nation's history.

"Half-hearted bargaining is not enough," Eisenhower said Tuesday in letters to David McDonald, president of the Steelworkers Union, and the presidents of the 12 firms involved.

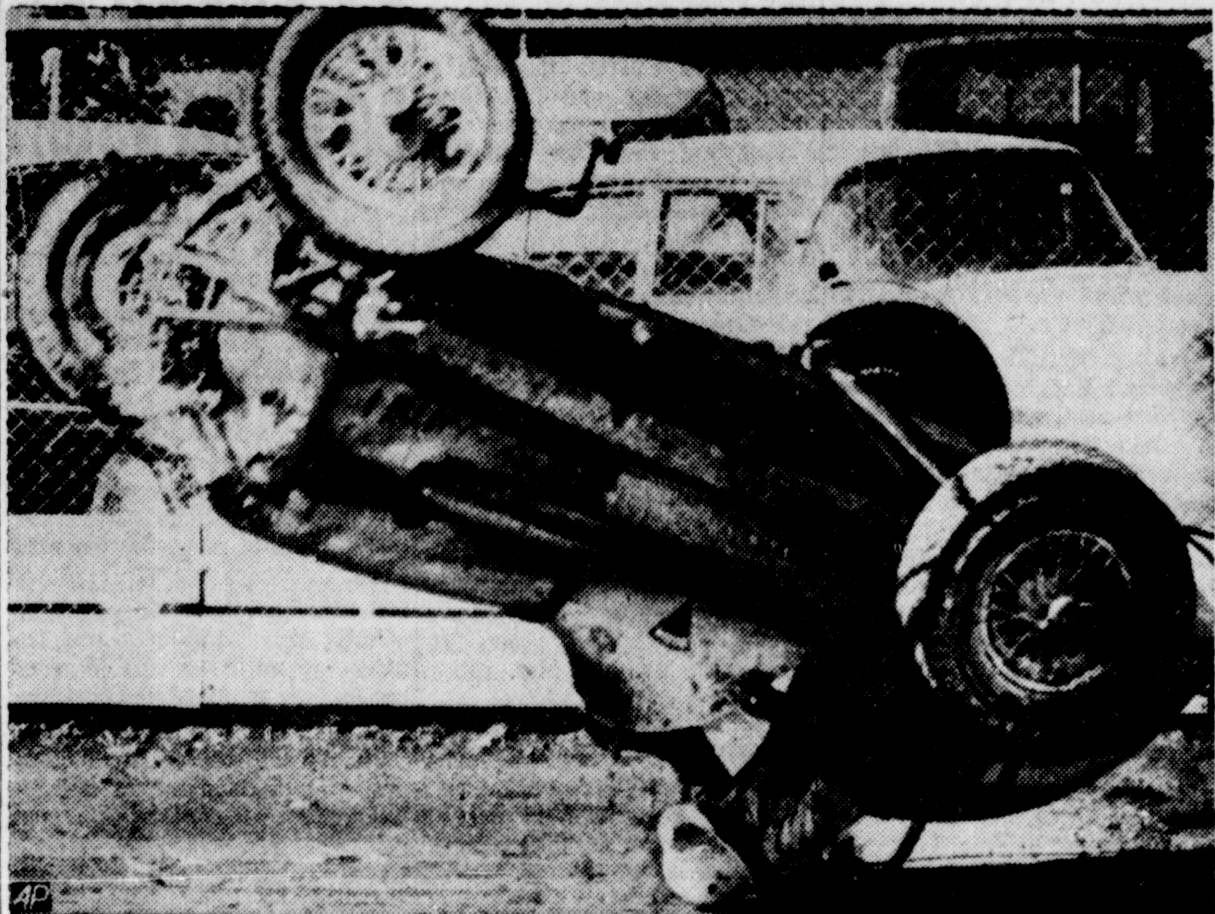

Quick Replies

"Intensive, uninterrupted good faith bargaining, with a will to make a responsible settlement, is required," Eisenhower said.

His letters went out a few hours after negotiators met for 45 minutes in New York, then recessed until Thursday to prepare for expanded subcommittee negotiations.

McDonald promptly told the President that the steelworkers have been seeking and will continue to seek "good faith, uninterrupted, wholehearted bargaining with the objective of achieving a reasonable settlement."

R. Conrad Cooper, the industry's chief negotiator, said the steel companies are "seeking with diligence, patience, persistence and determination a noninflationary settlement."

'PIKE TRIALS ARE CONTINUED

HARRISBURG (AP)—Trials for five men on charges stemming from the 1957 Pennsylvania Turnpike Commission investigation have been continued indefinitely in Dauphin County court. The court Tuesday granted, over

vigorous prosecution objections, the continuances pending disposition of legal issues in the case by the State Supreme Court.

Defense attorneys also argued they weren't given sufficient time to prepare for the trials which had been scheduled for next week.

The defendants are Thomas Evans, Victor Prep, Donald Heagy, August Brentari and Francis L. Lynaugh.

Dauphin County Dist. Atty. Huette F. Dowling said trial for

six other defendants, from Armstrong and Westmoreland counties, in highways cinders cases will begin Sept. 15. The initial trial is for Frank Petrosky and Earl J. Broker, Dowling said. Other defendants are Glenn F. Bowser, A. I. Davis, Charles Falt and Patrick J. McShane.

POULTRYMAN IS FOUND DEAD

VINELAND, N. J. (AP)—A poultry farmer was found dead in the cellar of his home Wednesday, his hands and legs tied up, a large bruise on his head.

The victim, Anabel Louis Oliveri, 63, of Oak and Main Rds., was last seen by neighbors Monday.

An autopsy will be performed to determine how and when he died. Oliveri, who lived alone, was found lying on a concrete floor, face down, an overturned egg-gathering basket nearby. A broken stool and his empty wallet were on the floor. Police said robbery was apparently the motive for the assault.

A check for \$5 and some loose change was found on a bureau in an upstairs room.

Oliveri had operated the farm for 10 years. A neighbor, Ernest Branker, said the victim had no known relatives.

The body was found by Dominick Chiovari, an egg broker who calls twice a week to pick up eggs.

BUTLER, Pa. (AP)—Pullman Standard Corp. will shut down its Butler Works Sept. 21. Some 850 employees will be affected.

Plant manager Louis H. Warheit Tuesday blamed the shutdown on the lack of steel supplies from struckbound mills.

BLAST KILLS AIR PASSENGER

MEXICO CITY (AP)—Crew members expressed belief today a passenger who plunged to his death from an explosion-rocked Mexican airliner carried aboard a bomb that caused the blast.

The explosion blew out a door of the plane Tuesday while the plane was en route from Mexico City to Merida. The passenger, identified as Eugenio Polovsky of Mexico City, apparently jumped through the opening as the plane was flying at an altitude of 14,000 feet near Nautla on the Gulf coast.

Six of the 13 passengers and two crew members were slightly burned. The plane made an emergency landing at Poza Rica where a fire aboard was put out. The plane was slightly damaged.

The Mexican Communications Ministry said that the blast occurred in the rear baggage compartment.

Mrs. Polovsky said her husband had appeared nervous when he left for the airport.

She said Polovsky, of Russian descent, was making a business trip to Villahermosa.

Allows Whites In Negro Pool; Ousted

ATLANTA (AP)—Permitting white girls to demonstrate swimming in a Negro pool has cost J. Roy Grayson his job as superintendent of parks and recreation in suburban East Point.

The East Point City Council, as sharply divided as the community, voted 5-3 to fire Grayson Tuesday night. The parks director, who had held the post for seven years, was not present at the meeting which attracted about 350 persons. Mayor J. G. Stith suspended Grayson after the demonstration Aug. 5, sponsored by the American Red Cross. Stith said Grayson showed poor judgment.

Nine women and three men were on the demonstration team. Eight of the women are teenagers.

The mayor said white persons and Negroes were not in the pool at the same time.

Symbolic of the earlier days of American pharmacy was the lighted lamp in the drugstore window. All through the night it glowed, a beacon of hope, a symbol of unselfish service.

Although the historic lamp is now practically extinct, the fundamentals of pharmaceutical practice have changed but little. The responsibilities of the pharmacist are greater today than ever before — he is a vital factor in medical care. Your patronage is invited.

INDUSTRY IS SPENDING MORE FOR RESEARCH

By SAM DAWSON
AP Business News Analyst
NEW YORK (AP) — The research arm of industry is in for a bigger shot of financial vitamins.

Many corporations stepped up their spending on research and development during the recession convinced that new products or new processes were the way to lick it.

This year they're putting even more in the kitty because they see a new era of bigger sales on the way — and research is still one of their best bets to outplay the other fellow.

Billions Spent
The billions that industry pours into this endeavor are described by several sources, both Washington officialdom and private research groups.

The American Management Assn. reports that 582 firms tell it this year's budgeting for research and development is, for the group as a whole, 12 per cent above the money spent in 1958. In that recession year they spent 4 per cent more than in 1957.

The Department of Commerce sets forth in its statistical abstract of the United States that industry's spending on such endeavors expanded from 430 million dollars in 1945 to 4 1/2 billion dollars in 1957. And today's outlay from both government and private sources is estimated to be running at 10 billion dollars a year.

Growing Group
The U.S. Bureau of the Census further notes that the fastest growing group in its classification of the working population is the professional and technical one.

Why do hard-headed treasurers of corporations approve money for the often nebulous activities of company scientists?

Dr. Philip Marvin, research and development chief for the American Management Assn. has a

"Corporations that are ahead usually stay ahead and it is becoming increasingly difficult for late starters to catch up."

"Those corporations that can capture leadership positions in the use of new technology within specific industries can command their destinies, both with respect to directions taken and profit levels achieved."

Steady Increase
Looking back on 1958, a year that started poorly for many firms but brightened in the final months, the companies report that as a group their new product spending averaged 3.2 per cent of the sales dollar, compared with 2.8 per cent in 1957.

This year the industry investing its spending the most is the automotive one, up 32 per cent — with the new compact cars doubtless taking a large slice of it.
Next in line are: Instruments, up 30 per cent, electrical machinery 24 per cent and metalworking 22 per cent.

FIRE CIRCLES DEADWOOD, S.D. AND FOLK FLEE

By DEE CHAMBLISS
DEADWOOD, S. D. (AP) — A forest fire first circled and then skipped across this historic gold rush town Tuesday, taking a few homes and businesses, before roaring unchecked into unpopulated timber area to the southeast.
Asst. State Forester Tom Borden said he had heard no confirmed reports of serious injuries or deaths.

The same shifting winds that turned the fire into town helped minimize damage by lofting the flames into tree tops and producing a scattered pattern of fires.

Tourist Favorite
The flank of the fire was halted three-fourths of a mile from near-by Lead, home of the famous Homestake gold mine.

Deadwood's 3,500 residents were evacuated but some were trickling back early today.

Some of Lead's 6,400 people also were evacuated.

Deadwood, where Wild Bill Hickok and Calamity Jane are buried, is a popular Western tourist attraction. Many of the old frame buildings date from gold rush days.

FACT FINDERS TO CHECK ON LAOS INVASION

By MILTON BESSER
UNITED NATIONS, N. Y. (AP) — The U. N.'s new four-nation fact-finding group may get a team off to Laos by week's end to investigate reported invasions from neighboring Red North Viet Nam.

The subcommittee, set up by the Security Council over bitter Soviet protests, met Tuesday with Council President Egidio Ortona of Italy, to make plans for the mission.

Ortona said the four members — Italy, Argentina, Japan and Tunisia — agreed it was vital to carry out its task as quickly as possible.

Laos Wants Troops
The West proposed the inquiry group as a compromise the Soviets might not oppose too strongly. Laos had called for U. The Western plan ran into immediate opposition from North

Barnett Rages, FBI Move In While Orderly Integration Marks South's School Start

By THE ASSOCIATED PRESS

Racial moderates were blasted by Gov.-elect Ross Barnett of Mississippi as token integration continued to spread quietly and peacefully into additional Southern communities.

Barnett charged moderates planned to move into his state in the next four years as part of a campaign to pick off Southern states one by one. The South should unite with pro-segregation Citizens Councils to fight attempts at integration, he said.

Barnett told a Citizens Council meeting at Jackson, Miss., Tuesday night that moderates "are nothing more than Southern burglars. They want to rob us of our priceless heritage, and they tell us that we shouldn't complain as long as they steal it a little bit at a time."

FBI In Arkansas

About the time he was speaking, two FBI laboratory experts moved into Little Rock, Ark., to assist in the probe of three bombings linked to token integration at the schools there.

A \$25,000 reward was posted for solution of the dynamite Monday night of the school board building, the mayor's office and the fire chief's official car. Police armed with riot guns patrolled the city streets and guarded the schools.

State police were alerted in southern Delaware for the start of grade-a-year integration in largely rural Kent and Sussex counties. Gov. J. Caleb Boggs, a Republican, said his people were law-abiding and would honor the federal court order. Many schools in the northern area around Wilmington were integrated without incident five years ago.

At Nashville, U. S. Dist. Judge William E. Miller reproached public school officials in Tennessee for not complying voluntarily with the U. S. Supreme Court segregation ruling.

"Why don't they act instead of having to be forced?" he asked during a hearing on a suit to admit 16 children of Negro airmen at Sewart Air Force Base to an all-white county school at Smyrna.

Miller gave the school commission a week to submit an integration plan. Only three Tennessee public school systems have started integration. They are at Oak Ridge, Clinton and Nashville.

Orderly In Florida

The first integrated public school classes began without disorder in Florida. Four Negroes entered Miami's Orchard Villa Elementary School with eight white pupils.

Two more Virginia communities admitted Negroes to previously white schools, bringing to 80 the number of Negroes in integrated class rooms. The state's public school system has 800,000 pupils. Twenty-one Negroes joined more than 300 white youngsters at Warren County High in Front Royal. There was no violence.

Other Areas

At Charlottesville, nine Negroes attended formerly all-white Venable Elementary and three registered with more than 700 white pupils at Lane High.

About two million children started classes in Texas where 101 of the 1,646 school districts are desegregated. Two Negro couples tried to enroll their children in white public schools at Fort Worth. They left without protest when officials said Fort Worth schools would remain segregated this term.

NEW BLUE LAW IN USE SUNDAY FOR 1ST TIME

HARRISBURG (AP) — Tough

new restrictions and sharper fines were added today to Pennsylvania ban against retail sales on Sunday.

Although the new restrictions technically became law Wednesday — 30 days after signing by Gov. Lawrence — they will be in force for the first time this coming Sunday.

The new legislation, passed by the General Assembly last month after heated debate, bans specific items. It provides fines for selling these items of \$100 for the first offense and \$200 for subsequent violations within a year.

Banned Activities

Items not spelled out in the new law, and not considered necessities of life, still would be subject to the old fine of \$4.

Specifically banned by the new restrictions are the retail sale on Sunday of clothing, wearing apparel, accessories, furniture, housewares, home, business or office furnishings and appliances; hardware, tools, paints, building and lumber supplies, jewelry, silverware, watches, clocks, luggage, musical instruments and recordings, or toys, except novelties and souvenirs.

Thus a drug store could continue to sell prescriptions without penalty, but would be subject to a \$100 fine for selling an alarm clock or a \$4 fine for selling some other unnecessary item not mentioned in the new law.

Gasoline On Border

Going further, a service station attendant conceivably could be arrested if there was a question of whether gasoline sold on Sunday is a necessity of life. The same applies to a host of other items sold and services performed on Sunday.

Atty. Gen. Anne X. Alpern says it will be up to the local courts to decide precisely if a particular item is a necessity of life. She said the State Justice Department would be concerned only with appeals.

Mayor Richardson Dilworth of Philadelphia predicts the controversial law is headed for four or five years of legal fights.

Await Classification

He said Philadelphia police will leave businesses alone until the matter is clarified by the courts. Several organizations and individuals already have indicated they will test the constitutionality of the new law as soon as possible.

Court tests against the old law are pending, one in the U. S. Court for the Middle District of Pennsylvania.

Public Safety Director Louis Rosenberg of Pittsburgh has said he will instruct his police to prosecute primarily under the previous act. He said the new law appears deficient because it does not specify a jail term if the offender fails

LAUNCH TEST OF BLUE LAWS

PHILADELPHIA (AP) — Three top city officials have been ordered to appear in U. S. District Court Friday to answer a merchants' suit aimed at blocking enforcement of Pennsylvania's newly amended Sunday Sales Laws.

The merchants seek a temporary injunction against enforcement of the laws which they claim are unconstitutional.

The merchants, all Jewish, observe Saturday as the Sabbath and open their shops on Sunday. The Blue Laws as amended recently by the State Legislature, provide for stiff fines for persons doing business on Sundays. They go into effect this Sunday.

to pay the \$100 fine for the first offense.

Heavier Fines Hurt

Dauphin County Dist. Atty. Huette F. Dowling says he will enforce the new law as he did the old. Dowling ordered a crackdown resulting in 15 consecutive Sunday raids at the Middletown Merchandise Mart near Harrisburg.

The manager of the Middletown Mart, Bernard Z. Rose, says the new fines are prohibitive and that unless the courts intervene he will probably be forced to suspend Sunday operations this week.

Scores Steel Strike Talks

NEW YORK (AP)—The nation's top mediator Wednesday termed negotiations in the 57-day-old steel strike "the oddest kind of bargaining I've ever seen."

His comment came after President Eisenhower had called the talks "half-hearted."

"It is the oddest kind of bargaining I've ever seen—if you can call it that," said Joseph F. Finnegan, director of the Federal Mediation and Conciliation Service.

Finnegan has worked to bring a new contract agreement in the industry—paralyzing situation but so far there has been little or no progress.

Finnegan said both industry and Steelworkers Union representatives admitted as late as Tuesday that "they were right where they were when they started."

Eisenhower Tuesday appealed for an all-out effort to end the strike—longest of its kind in the nation's history.

Asked if he felt the President's statement would step up the negotiations, Finnegan said:

"Sometimes it jars people loose from their ideas—but only if they want to bargain and compromise."

MARIA CALLAS QUILTS 10-YEAR MARRIAGE

MILAN, Italy (AP)—Fiery soprano Maria Callas has called quits to her 10-year marriage to the elderly Italian industrialist who guided her rise to the top in opera.

But the 35-year-old soprano said Aristotle Onassis had nothing to do with the bustup though the Greek shipping tycoon has been her recent date.

Onassis said the same thing, but added he would be "flattered if a woman with the class of Maria Callas fell in love with someone like me."

Attorneys At Work

"Now I am my own manager," Miss Callas told newsmen in announcing the breakup of her marriage to 62-year-old Giovan Battista Meneghini. "It has been coming for a long time."

Attorneys for Miss Callas and Meneghini are working out details of their marital split.

Onassis flew in his private plane Tuesday to Venice where his wife was waiting for him aboard their yacht. He said reports of a romance between him and the tem-

New Gambling Raid In Tamaqua

TAMAQUA, Pa. (AP) — Three more men—bringing the total to 65—have been arrested in a crackdown on gambling in this Schuylkill County Community.

The others—16 alleged operators and 46 said to have been customers—were arrested last week in a state police raid.

The three arrested Tuesday were freed in \$1,000 bail apiece on the charges of conspiracy and operating a gambling establishment.

They were Rocco Marchese and Michael Carsia, both of Hazleton, and Jack Costello, Tamaqua.

Deaths

By THE ASSOCIATED PRESS

HARTFORD, Conn. (AP) — Maj. Gen. Oscar R. Caldwell, 67, USMC (ret.), World War II commander of the 3rd Marine Division in the attack on Bougainville, died Tuesday. An Annapolis graduate in 1916, Caldwell retired from the Marine Corps in 1946.

Peaches

Remember to put A-C-M on shopping list!

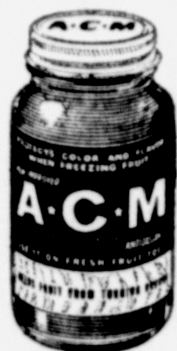

How to freeze peaches:

Prepare syrup before cutting up fruit. To make medium syrup (not too tart -- not too sweet) dissolve 5 cups sugar in 1 qt. warm water. Let syrup cool. Then for each cup of this syrup (enough for 2 lbs. of fruit) add one level teaspoon of A-C-M® (a mixture of 3 natural food ingredients that keeps fruit from turning brown)*.

Peel the fruit. Then slice directly into A-C-M treated syrup to minimize exposure to air.

Fill freezer containers with fruit and syrup. Keep all of fruit covered with syrup! Leave head space for expansion. (½ in. in pints, 1 in. in qts.) Put piece of cellophane or like material over open top before capping to insure good seal. Put in freezer as soon as possible. When serving, thaw peaches quickly.

*Note: A-C-M, a product of Chas. Pfizer & Co., Inc., Brooklyn 6, N. Y., can be bought at drugstores and freezer-locker plants. Instruction booklet for protecting fresh color and flavor of 6 types of fruit comes with each jar. Also a wonderful help in protecting fruit salads.

A-C-M is also available in feed stores in Ill., Mich., Ind., Ohio, Minn., Wisc., Iowa and Mo.

WILD HORSE HERDS MAY GET REPRIEVE

DENVER (AP)—The wild horse herds of the West, vanishing from the American scene as the buffalo did 75 years ago, may get a reprieve with a new law that went into effect Tuesday.

President Eisenhower signed the measure which makes illegal the decimating mechanized round-ups of recent years. The wild horses were run to exhaustion by jeeps and airplanes and wound up

as dog food.

One of the strongest voices to end the wild horse slaughter was that of Velma Johnson of Wadsworth, Nev., better known in Washington as "Wild Horse Annie." And it was a Nevada congressman, Rep. Walter S. Baring (D-Nev.), whose bill to halt the mass slaughter of the wild horses became law.

"I'm very happy," Baring said. "It shows the people's hearts are still with the good old American traditions."

Since the northward trek of Spanish conqueror Francisco de Coronado in the 1500s, the horse has been running wild in Western states.

INGRID GETS CUSTODY OF 3 CHILDREN

ROME (AP)—A tearful Ingrid Bergman has won another round in her court battle with Roberto Rossellini for custody of the three children born of their now broken union.

Rome's Civil Court, in a stormy session behind closed doors, turned down an appeal by the Italian film director to set aside a temporary court ruling that gives the Swedish film star cus-

tom of the children.

The temporary ruling gives Rossellini the right to have the children for two months during their school vacation period.

Rossellini sought permanent custody of the children. They are now at his summer home at Santa Marinella, about 20 miles north of Rome.

They Shake Hands

The court granted him the right to have the children for another month—until Oct. 7. Then he is to return them to their mother in Paris.

Miss Bergman arrived from Paris Tuesday night for Wednesday's hearing.

She shook hands with Rossellini when they met in court.

It was the Swedish film star's

Charge Woman In Bank Embezzlement

PHILADELPHIA (AP)—A 21-year-old woman has been charged with embezzling \$7,000 in travelers checks from a bank branch where she worked as a teller.

FBI agents and city detectives first meeting with the Italian director since her marriage late last year with Swedish businessman Lars Schmidt.

Miss Bergman turned her shoulders when Rossellini started to greet her.

"Why can we not be friends, as we separated," said Rossellini. Ingrid then smiled and extended her hand.

arrested Kathleen Mary Kelley Tuesday at her home in suburban Kirklyn. An audit at the branch of the Fidelity-Philadelphia Trust Co. disclosed the shortage.

She was released in \$500 bail for a hearing.

On Sunday Miss Kelley told police that she was robbed of the checks by two men who came to the bank on Friday. But later she said she gave the checks to the men when they threatened to tell her parents she dated one of them.

The two men, unidentified, are being sought.

PARIS (AP)—Zsa Zsa Gabor will be the top star of the Folies Bergeres beginning next spring, the folies' director said today. He declined to give details.

RAISE CEILING ON INTEREST BY PA. BANKS

HARRISBURG (AP) — Commercial banks and savings institutions in Pennsylvania will be permitted to boost interest rates on savings accounts by 1/2 of one per cent on Oct. 1.

In announcing the increases on Tuesday, Banking Secretary Robert L. Myers Jr. emphasized that the authorization is permissive, not mandatory.

"It is to be expected that no bank will increase its rates if it cannot afford to do so," he said.

Many state banks pay less than the maximum interest allowed. Myers said the maximum interest for time deposits and savings accounts in commercial banks will go up from 2 1/2 to 3 per cent. The rate for savings banks goes up from 3 to 3 1/2 per cent.

The proposed plan would cut the costs of the flight from Pittsburgh to Philadelphia from \$20.30 to \$13. At the same time, customers would sacrifice their assurance of passage.

American Tour Will Be Supreme Test Of Khrushchev's Showmanship

By WILLIAM L. RYAN
Associated Press News Analyst

The man who heads the world's most spectacular road show had to hint, wheedle and threaten for more than two years before he achieved the peak of his ambition as a showman: a booking for a United States tour.

Now that he has achieved it, the tour starting next week likely will prove the supreme test of Nikita Sergeyevich Khrushchev's career as a traveling salesman for the Soviet brand of communism.

Until about four years ago the world outside the U.S.S.R. was a blank to Khrushchev. Since then he has become an exuberant traveler. But he never takes a trip without specific purposes in mind.

Began Hinting

Khrushchev began hinting in June 1957 that he would like to visit the United States. The hints received scant attention. He tried again. On New Year's Day, 1958, he toasted President Eisenhower, saying: "If the Soviet Union and the United States could get together and reach agreement, most of the world's problems would be solved."

Next day the whole Soviet press took up the cry for a meeting between the Soviet Premier and the American President. Hints multiplied thereafter. Khrushchev indicated he was willing and eager to visit the United States for a summit meeting. Again the hints got nowhere.

Vice President Richard M. Nixon's tour of the Soviet Union this summer contributed to a noticeable thaw in Soviet-American relations. Khrushchev finally got the invitation he had wanted so badly. And the question arose: Why was Khrushchev so eager?

NATO Aggravated

Even before preparations were

complete for his trip, there were signs that the impending visit was causing aggravations among members of the North Atlantic Alliance. Many were not too sure the Big Two might not, as Khrushchev phrased it, get together and solve the world's problems without reference to smaller nations. Even President Eisenhower's trip to Europe fell short of putting all these nagging fears at rest.

Khrushchev himself had some troubles in that respect. The Red Chinese were unlikely to be enthusiastic about the U. S.-Soviet exchange.

But in any event the bouncy Khrushchev seemed to look forward with relish to his prospective new adventures as communism's No. 1 tourist.

Personal Check

Khrushchev would be able to check personally on reports he had received about the United States from official tourists who had preceded him.

Khrushchev's first sally beyond the Iron Curtain was to Communist Yugoslavia in the spring of 1955, with Nikolai Bulganin, the premier he later dumped, in tow. The love feast was spectacular. But it did not survive the 1956 Hungarian uprising. Moscow placed much of the blame for that on Tito's example.

Khrushchev's first trip outside the Red orbit came in the summer of 1955. The era of smiles bought a summit meeting in Geneva, but the "spirit of Geneva" soon faded before the chill wind of a newly toughened Soviet policy.

Scatters Insults

In the winter of 1955, Khrushchev, with Bulganin respectfully in the background, roared through Burma and India, scattering insults all the way.

Thereafter Khrushchev was on the go frequently. It was nothing more for him to make sudden, unannounced trips to Communist capitals for his own political purposes: to Prague, Warsaw, Sofia, Budapest, Tirana and to Red China's Peking. It was far more than junketing.

On his last trip to Peking, Khrushchev apparently received a jolt. He had expressed willingness in mid-1958 for a summit conference on the dangerous Middle East crisis. After he returned from Peking, looking gray and shaken, he reversed himself and rejected the idea of such a meeting.

Whirlwind Tour

But Khrushchev bounced back quickly and was off to Poland for another whirlwind tour, even then planning on a trip to America. If Peking didn't like it, Khrushchev didn't seem to care too much any more. He was anxious to get the show on the road again.

But there have been signs that even the fabulous energy of the Soviet leader has its limits. He has some kind of kidney or liver ailment and has eased off noticeably on his drinking—even, indeed, attempting at the same time to put all the rest of the Soviet Union on the wagon. He has spells of weakness and dizziness, and sometimes he seems to speak a little incoherently.

Yet Khrushchev seems to be the last to want to admit that he's been wearing down. He just wants to go, go, go.

METAL WORKER FINDS SOVIET NO PARADISE

By A. I. GOLDBERG

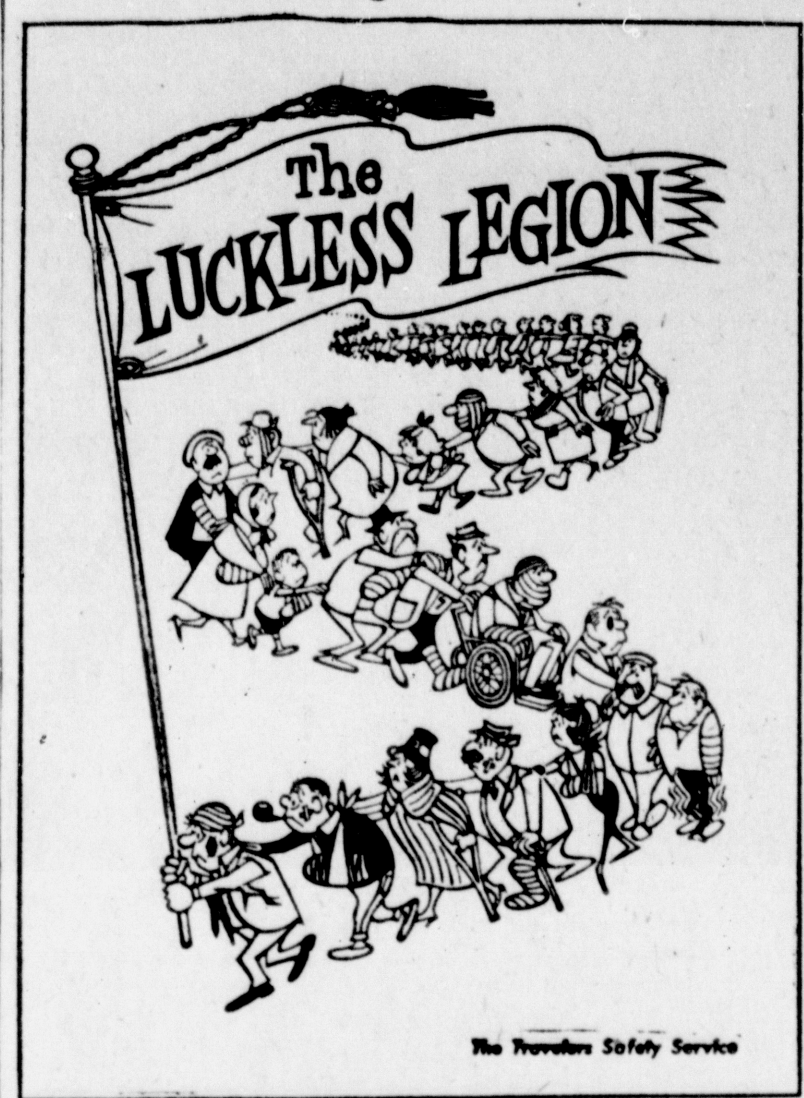

MOSCOW (AP)—A New York metal worker who applied for Soviet citizenship 10 days ago says he already is homesick for the United States and wants to go home.

Nicholas Petrulli, 38, of Valley Stream, N.Y., appealed to the U.S. Embassy Tuesday night to give him back the American citizenship he renounced.

"I don't have any family here. I haven't made any new friends. I don't have a job or money and would have to learn a new language," he told newsmen.

Petrulli said he has cabled his

brother in Valley Stream for money to pay his Moscow hotel bills.

He already has his plane ticket home. He held on to the round-trip ticket he had on his \$965 tour that brought him to Moscow Aug. 11.

Petrulli handed his passport to the U.S. Embassy last Thursday with a signed statement renouncing his American citizenship.

Wrote Red Parliament

He had already written the Soviet Parliament asking for Soviet citizenship but got no reply. He said then he felt "economically and morally at home in the Soviet Union."

In Los Angeles, Petrulli's divorced wife, Helen, said she was "glad he changed his mind." She offered to take him back. They have a 4-year-old daughter.

HITS HORSE; KILLED

DOYLESTOWN, Pa. (AP)—A motorcycle hit a runaway horse Tuesday night, killing the vehicle's driver, Frank Maximuck, 37, a Doylestown farmer.

Doctors said Maximuck suffered a fractured skull when he struck the highway after being tossed over the handlebars of the cycle. State police said the 12-year-old

horse, Primrose, broke out of a paddock at the home of Philip H. Naumburg, a mile from the accident scene. The animal suffered a broken right leg and was destroyed.

NEW ORLEANS (AP)—Police broke up a milling, angry mob of Negroes Tuesday night by firing a shot into the air shortly after six young white persons were arrested for assaulting Negroes.

HOLD FOUR MEN IN DEATH OF NEGRO WOMAN

ALLENTOWN, Pa. (AP)—Four men have been held in the death of a 57-year-old woman whose body was found at the bottom of a quarry near her home.

Police said Lillie Leather apparently was murdered. Her body was found Tuesday 60 feet from the wall of a quarry near the shack she shared with her common-law husband.

The husband, Earl Hegry, 65, his uncle, Lawrence Henry, 67, Charles Frederici, 60, and John Breen, 63, were held in \$3,000 bail apiece.

No Charges Yet

No charges were filed against them.

An autopsy showed the woman died of a broken neck and suffered rib and arm fractures and numerous bruises.

Police said all five had been drinking at the shack at Macungie Route 1 Saturday night, about the time the woman disappeared. They said her injuries and the distance of her body from the wall of the quarry indicated she was beaten and put there.

Frederici and Breen are white; the others are Negro, as was the dead woman.

PHILADELPHIA (AP)—Two children who received Salk Vaccine have been stricken with polio, bringing the number of cases in Philadelphia this year to 11.

In its report Tuesday the City Health Department said an infant boy had received four shots of the vaccine and a four-year-old girl had three. Both suffered partial paralysis.

There were 32 cases at this time last year.

STEEL STRIKE BEGINS NINTH WEEK ON 9TH

By NORMAN WALKER
Associated Press Labor Writer
WASHINGTON (AP)—The steel strike started its ninth week Wednesday.

The strike has settled down to a quiet, though intensely grim test of economic strength between the industry and the striking United Steelworkers Union.

What brought it about, and what is the situation after eight weeks? Here are some questions and answers on the situation:

Q. How many steelworkers are striking and how many still working?

A. About 500,000 strikers. About 50,000 to 60,000 still working in plants with still unexpired contracts, plants organized by other unions, or nonunion plants.

Q. What has happened to production?

A. It has dwindled from about 2½ million tons per week just before the strike to a trickle of about 330,000 tons per week now. The strike started July 15.

Q. How many workers have been

idled as a result of the strike?

A. About 150,000, mainly in allied industries such as railroads, coal mines, etc. However, related unemployment is rapidly growing.

Q. How much did strikers make before they went out?

A. Average hourly earnings about \$3.11. Their base rate is about \$2.50 per hour, but they make the rest through overtime, incentives, for good productions records, and various premiums for shift, Sunday and holiday work.

Q. Do steelworkers have hospital, medical and major medical insurance and who pays the premiums? Life insurance?

A. Yes, worker and employer pay half cost in each case. Life coverage varies from \$3,500 to \$6,000.

Q. Do workers have retirement plan and who pays for it?

A. Yes, management pays the entire cost. Minimum monthly payment \$72 at age 65 after 30 years service, plus social security. Q. Could lack of funds force the union to capitulate?

A. No, but worker slacking ordinary living resources for a long period might force the union to do so. The union has a 33 million dollar treasury. Some 600,000 members in steel fabricating and other lines are still working and paying dues. Staff members are off the union payroll for the strike

duration, saving \$700,000 a month.

Possible Pressures

Q. What factors could end the strike?

A. Workers may tire of going payless. As supplies run out, steel customers could pressure for a settlement. Also with ore workers also idled the industry is in a pinch to lay in enough ore supply before water delivery routes freeze over, if mills are to operate next winter.

Q. Why hasn't the two-month stoppage hurt the nation more?

A. Because the industry produced 9 months supply of steel in the first 6 months of the year, anticipating the strike. Workers, though technically losing about 70 million dollars a week in wages, will about break even through pre-strike and post-strike overtime pay.

Q. Has either side suggested arbitration?

A. Not exactly. The union wants President Eisenhower to name a public board to sift the dispute issues and recommend a solution. This is usually called advisory arbitration. Neither side is bound to accept. The industry has resisted the idea, as has Eisenhower.

Q. What are the positions of both sides?

A. Union: Seeks contract gains equaling those won in 1956 contract—or about 15 cents an hour per year increase in wages and

MOSCOW RED TAPE SLOWS WORD ON TRIP

By LEWIS GULICK

WASHINGTON (AP)—Just what Soviet Premier Nikita Khrushchev will see on his visit to the United States is still an official mystery, even though his arrival is only five days away.

So far only a bare-bones outline of the Soviet premier's itinerary has been issued here, although the announcement of his coming was made by President Eisenhower more than five weeks ago.

An apparent reason for the delay lies in red tape in Moscow, thicker than the Washington variety, which makes still more difficult the arduous task of preparing for an historic visit of top importance.

Details Lacking

White House press secretary James C. Hagerty has named the half-dozen U. S. cities Khrushchev will visit and the dates.

The White House also has announced the detailed schedule for the first two days of the Sept. 15-27 visit. These are Khrushchev's initial days in Washington, marked by ceremonial functions.

But as for specific questions on what the Soviet leader will do on his cross-country travels from New York to Los Angeles—and

benefits. Says steel firms' profits sufficient to afford it, and not to raise prices.

Featherbedding

Management: Says any steel labor cost increase would be inflationary. Says any concessions made to the union this time must be paid for out of other labor cost economies.

Q. What's this talk about featherbedding?

A. Industry maintains unions resist change from wasteful work practices. Union denies there is such waste. Companies want free hand to make manpower changes. Unions insist on continuing right to carry such disputes to arbitration.

Atlantic City Beaut Parade

ATLANTIC CITY, N. J. (AP)—A beauty-laden motorcade along this resort's famed boardwalk officially launched the 1960 Miss America pageant Tuesday night.

Perched on the backs of convertibles and atop floats were 54 young women, eyed appreciatively by a crowd of 150,000 and a nationwide television audience.

The contestants represent every state in the Union, Canada, and the cities of New York, Chicago and Washington. They were accompanied by the present Miss America, Mary Ann Mobley of Brandon, Miss.

Earlier in the day, the girls posed in swim suits near a pool. Picture-takers, professional and otherwise, had a field day.

the questions pour in by the hundreds—the official reply here is that it is still uncertain when an announcement can be made.

Mammoth Headaches

That is the stock answer given even after persons and organizations along the Khrushchev route have passed out word locally of arrangements for the visitor.

The headaches to planners from an unsettled schedule are compounded on a mammoth scale. About 100 Soviets are expected to accompany the Premier to the United States. They will have to be received, fed, and housed.

More Than 1,000

About 350 newsmen and photographers have applied to cover the tour. More than a thousand want accreditation at local stops.

Federal and local security officials will have to mesh gears to provide protection and handle the crowds.

The traveling horde will need special transportation and accommodations not easy to come by. In the matter of hotel reservations, for instance, advance checks show that during the Sept. 20-21 period allotted for Khrushchev's stop at San Francisco, seven conventions will be in town.

ADVERTISE IN THE TIMES

TWO FORMER FILM STARS RETURN AGAIN

By JAMES BACON
AP Movie-TV Writer

HOLLYWOOD (AP)—Two once-famous movie names, familiar only to viewers of the late, late show on TV, returned to work before the cameras this week—and with some pungent remarks.

Onetime child star Roddy McDowall is making "The Subterraneans" at MGM, his first movie in eight years. Robert Hutton, now a mature 39, is playing Jerry Lewis' mean stepbrother in "Cinderella" in his first Hollywood role, except for bits, since the days when he was a reigning bobby-sox idol at Warners during the Forties.

Roddy spent his eight years profitably on Broadway and television, starting in such stage hits as "No Time For Sergeants" and "Compulsion." His roles ran from farce to Shakespeare. He even played a Mexican in one play.

Credits Agents

"I don't think that I could have had that diversification if I had stayed in Hollywood," says Roddy. "I could see that producers identified me too much with 'Lassie' and 'My Friend, Flicka'."

Hutton, who made pictures mostly abroad, lays his Hollywood hiatus to agents.

"Agents have more ego than actors," says Hutton. "Everything here is based on pride and precedent. When I left my Warner contract, my agent arbitrarily set too high a price on me."

Bit Role Paid Off

"All of a sudden, I wasn't working. Finally, I told him I'd work for nothing to get a good role. He bawled me out, said he and I both would lose status if I did such a thing."

Recently, Bob did a one day bit in "It Started With a Kiss," with Glenn Ford and Debbie Reynolds.

Johannson Can Do More Than Fight

HOLLYWOOD (AP)—World heavyweight boxing champion Ingemar Johansson is going to sing with Dinah Shore on her NBC-TV show Oct. 4.

"When I was in Sweden this summer, everyone told me how well I could sing," Miss Shore said Tuesday. "So I brought some Swedish songs back with me and he'll sing both alone and with me."

POLICE AVERT PRISON RIOT

PHILADELPHIA (AP)—A possible riot at the Eastern State Penitentiary was averted with the aid of a special, heavily armed detachment of state troopers, Warden William Bannmiller said Tuesday.

Bannmiller said 29 troopers seized 15 inmates Sunday just before the noon meal when it was expected they would start trouble of some sort.

Bannmiller said that through the questioning of the 15 it was determined they probably weren't planning a break but were attempting to establish some sort of superiority among a segment of the inmates.

He did not clarify the nature of the expected demonstration. Bannmiller said other prisoners were aware that something was brewing but wanted no part of the movement.

The 15 men have been isolated.

He took it over his agent's strong protests. Jerry Lewis saw the bit and asked Bob to see him about a part in the comic's version of Cinderella.

SENATORS MAY VISIT HAWAII

WASHINGTON (AP)—A junkie to surpass all junkies—a free trip to Hawaii for the whole Senate—is getting enthusiastic consideration from some senators.

The taxpayers would foot the bill under terms of a resolution drafted by Senate Republican Leader Everett M. Dirksen of Illinois. It calls for an outlay of \$200,000 to cover members' expenses on the trip.

Gov. William F. Quinn of Hawaii cabled the invitation for all the senators to take part in a thanksgiving celebration for the 50th state. The Senate Republican Policy Committee received it Tuesday with "hilarity and exuberance of spirit," Dirksen reported.

If the trip materializes, Dirksen said he doesn't expect senators would be required to bother turning in expense accounts.

The GOP leader added that from Hawaii "it isn't very far around to Alaska" and some senators might want to go there too.

and interrogation of them is continuing.
